Product Description

850g/M2 PVC Fabric Waterproof Event Tent UV Resistant Windproof Tents Structure

Feature :

specializes in tent industry in China for over 11 years, our tents are widely used as outdoor activity tents, sports tents, trade show events, warehouse tents, storage tents, small event tents, hospital tents and hotel tents.

(1) Span width: 3-50m

(2) Bay distance: 3/5m

(3) Frame structure material: High reinforced aluminum alloy T6061/T6

(4) Fabric Cover: can either be 850gsm double coated polyester fabric or reinforced, or PVDF fabric

(5) Basic Feature:

- a. Fire Retardant DIN 4102 B1 M2 level
- b. 100% light blocking out and UV resistant
- c. 100% waterproof

The tent adopts innovative components and connector that is flexible and easy to assemble, we provide instruction manual for guidance and free installation and customer service.

Advantage :

- 1, fast demolition: the tent with the demolition, easily solve the problem of space expansion
- 2, the construction speed is fast: 2000 square tents in theory only 12 hours to build
- 3, low construction cost: the construction cost is much lower than the steel structure and fixed buildings and can be reused
- 4, temporary construction: tent approval is simple or no approval procedures and can be used for a long time
- 5, highly integrated: The tent has a lot of accessories, safe and practical
- 6, stable and strong: the tent is known as a mobile house, resistant to wind and thick snow, safe and stable
