Product Description

China Newest Fashion Modern Easy Up Outdoor Custom Printing Large Party Marquee

Features :

Working Temperature Range: -30 to +40°C

Our tent has two-layer of cover fabric and insulation liner. It is suitable for living in various weather conditions from 40°C to minus 10°C. It will be perfectly fitted in colder or hotter weather with the optional floor heating, air conditioning, fireplace, or other configurations.

Wind Load: 80-120km/h

The wind resistance of the tent depends on the connection method of the base. Our tent has a solid foundation and can withstand level 12 typhoons, with a snow load of 0.30kN/m.

Snow Load: 75kg/m²

The total static weight that can be supported over the entire TENT is usually greater than any normal snow load it will have to support, as snow does not easily accumulate on a round roof. If the snow on the TENT reaches 15cm, you should remove it with a broom or similar tool in order to prevent damage to the dome cover.

Life Span: Frames 15+ years, covering fabric 8-10 years

The lifespan of a tent mainly depends on the performance of the cover tarpaulin, which is generally 8-10 years of life. Our cover fabric is tear-resistant, durable, waterproof, fire retardant, mold-proof, and anti-corrosion.

100% waterproof; flame retardant to DIN4102 B1, M2, CFM; UV resistant, tear-resistant, self-cleaning ability, etc.

All the materials of our domes have passed the environmental testing of China.

All kinds of A top tents can be used for outdoor wedding party, to place on Lawn, sandy beach, lakeside, countryside villa garden

Supporting accessory: bearing plate, for no damage on the ground

In the tent entrance and exit, could use supporting accessory of eave

On the hot summer, hope to have indoor cooling feel in outdoor tent, can use supporting accessory of air-condition

Thermal insulation tent can completely meet your needs

On the tent supporting accessories, lamp selection is very important

High quality wood floors make tent's ground more tidy, make the whole tent more luxury

Glass wall with longer lifetime, more heat insulation, more sound insulation, day lighting effect is very good

ABS wall is a kind of solid wall, Has the anti-theft function than PVC tarpaulin, tents for warehouse, houses

Atop advertising tents, simple and portable, easy to install

40m	4m	10.6m	5m	300x120x5mm
45m	4m	11.4m	5m	350x120x8mm
50m	4m	12.3m	5m	350x120x8mm

Advantage :
