What determined the price for tent?

An aluminum alloy tent price is determined, in fact, there is no difference between the aspects to be considered and a real building, especially when the aluminum alloy tent price is designed, it is necessary to look at the characteristics of the aluminum alloy tent to design, the spacing and color of the placement, and whether the aluminum alloy tent needs other configurations to do some custom design and other issues.

Aluminum Alloy canopy Quote Our canopy convinces users of quality and safety. Aluminum alloy awning Our industrial production of aluminum alloy awning specifications model is 3-60 meters span, the length can be 3 meters ----5 meters spacing infinite widening, so to create tens of thousands or even hundreds of thousands of square meters of indoor space is no problem, together with the interior is unhindered net span indoor space, more convenient for a variety of ordinary use.

The main structure of our aluminum alloy tent is made of 6061-T6 high-strength aluminum alloy, and the surrounding connecting components are made of galvanized steel structural reinforcement, which can resist the 8-12 wind, and can improve the security and firmness of the aluminum alloy tent according to the thickened profile specifications.

These are aluminum alloy awnings quotes our awnings to quality and safety to convince the user, our awnings to many outdoor business activities to provide many convenient conditions. This also fully reflects the importance of aluminum alloy awnings, so only the installation of aluminum alloy awnings can be more secure.

FAQ :

1.Can you print our logos on the tent?

Yes. Customized logos can be printed on the tent fabric according to your requirements.

2. Does your tent be able to install repeatedly?

Our tents can be assembled and dismantled and repeatedly with small transportation distance. The lifespan of aluminum framework can reach 15-20years, and 5-8 years for PVC fabrics depending on different conditions of usage.
