product name	Hot Sale Customized Lead-Free Crystal Glass Whisky Glasses Brandy Vodka Liquor Whiskey cup shot glasses liquor glasses
material	glass
Usage	glass cup for whiskey,Brand,Rum,Gin,Vodka,Liquor
Capacity	Customized as request
Weight	250 g - 400g
Logo	Customized Logo Available
Technology	Hand Made
Package	Bubble wrap,Brown box,White box,Customized as request
Temperature range	0°C-100°C
Application	Dishwasher / microwave
MOQ	500pcs
Sample	Free sample
OEM	Available
Certificates	Food grade

How to choose a whisky glass?

Whisky tasting is pure, room temperature, no ice, with or without a few drops of water to release the aroma..... Tasting whiskey glasses are usually not too large, and despite the variety of shapes, it is nothing more than a combination of "closed mouth or wide mouth", "big belly or small belly", and "rim expansion or rim straight mouth". Closed/wide mouth: affect the degree of cohesion of whiskey aroma, without retraction of the mouth is difficult to gather aroma, not easy to feel the complex aroma of whiskey, but also reduce the irritating taste of alcohol and peat. Small belly cup/big belly cup: Decide how fast to sober up. Generally, simple variations of whiskey (no vintage or low vintage) are suitable for small stomach glasses when drunk plain; Complex, heavily alcoholic whiskeys are suitable for large belly glasses. Expanded rim/Straight rim: It affects our perception of sweetness, and usually an expanded rim makes the wine taste sweeter.

FAQ :

1. What is your MOQ? Usually our MOQ is 500pcs. But we accept lower quantity for your trial order.
