Product Description

Four Season Glamping Hotel Tent For Outdoor UV Resistant Water Resistant Etsy Glamping Tent

Main Features of Eco-Living Dome :

√ Capture Attention

Dome-shaped event tents provide a visually striking alternative to conventional square tents, offering high visibility for branding and advertising.

√ Infinite Layouts

With diameters ranging from 5 meters (16 ft) to 80 meters (262 ft). Geodesic domes provide expansive interior space for your client's layout.

√ Fast & Easy Installation

Eco Living Domes could be installed in a short time on practically any surface, for any weather, as a temporary or a semi-permanent structure.

Our prompt responsible and helpful reply will ensure your happy purchasing.

4) Great after service

Guarantee 2 years. During the warranty period, we shall repair or replace the damaged part accordingly because of any damage due to quality problem. Not including man-made damage or accident damage.

Why choose star tent ?

variety

Or the sky hut, or the specialty apple hut, or the orange hut, or the strawberry hut.

The interior is fully functional

With comfortable wooden floors, Windows, beds, tables and chairs, lamps, furniture and so on. Let you play outside tired, can take a hot bath, but also have a comfortable bed to rest, kill two birds with one stone.

Beautiful appearance

Summer night and camping can be described as a good match, as white as the sky hut, delicious as the fruit hut. Let the driver slow down the pace, in the slow time to understand the slow enjoyment, looking for the quiet in the free and easy, emotions will be sublimated at the moment.

FAQ :

1.Q: Is it difficult to build a prefab house?

A: Totally not, you can build the house independently according to the construction drawings as long as you know how to use an electric tool.

2.Q: Is your tent strong and stable enough,How about the wind loading?

Yes,Steel structure and cover wind resistance and load bearing is calculated by professional software and Experience engineer team,will be more than we planned 50%.The wind load at least more than 120KM/H.

3.Q: What's the material of the cover,does it can last long time?

The cover material is PVDF or PTFE.PVDF can last more than 15-20 years.PTFE can last more than 50 years.It has fabric inside,so it is very strong,not easy to be torn.
