Why choose star tent ?

The tent adopts the modular construction method, the construction speed is fast, can be quickly put into use, and the space can be increased or decreased at any time.

Compared with the traditional outdoor venue, the aluminum alloy activity tent structure is solid and stable, can resist the rain and snow, whether it is performance, security screening, logistics services, exhibition activities, the tent is well-deserved "space soul".

At the same time, the tent can be customized tent floor, ABS wall, glass wall, high-grade cloth curtain, tent special air conditioning, lighting, and large activity tent can be fully transparent design, can also choose the surrounding glass wall layout, a good solution to the lighting problem of the tent, so that the space is more spacious and bright, so that guests can enjoy the surrounding beauty while dining. Such a romantic atmosphere.
