Why choose spherical tent ?

1. Fast Assembly - Our domes are affordable and the assembly time is fast. The costs of purchasing and installing geodesic domes for glamping are typically recouped in as little as one season. They can be installed repeatedly and lasts 10+ years, ensuring your return-on-investment for years to come.
2. Eco Friendly - Geodesic glamping structures can be built almost any location with minimal impact to the surrounding environment.
3. Energy Efficient - With the dome-shaped design, eco-living dome allows for effective air movement and constant temperatures, maximizing the sun's light and warmth meanwhile reducing cooling and heating costs.
4. One-stop Design - You can add on a cozy bed, kitchenette, separate bathroom and an extra decking or complete the interior design your way.
5. Wide Application - Besides being a guest accommodation, our living dome tent is also applicable to school camps, remote and regional housing, garden studio, then mining and resources etc.
6. Excellent Safety - The unique geodesic tent structure provides excellent safety. The spherical dome tent can withstand the wind of 80-100km/h, even in the harsh weather such as heavy snow, wind and rain. Geodesic dome construction in such soft building foundation (like the grassland, desert and beach) is also quite stable.

What is the best activity for a spherical tent?

- 1, to become a theater, the theater here is able to become a ball screen theater, and is a novel and interesting project, can be used in play entertainment, will be very popular, the use of the spherical tent, can be built into a large spherical theater, for viewing, watching more easily to attract many people willing to experience this project, The use of spherical tents is to facilitate the outdoor holding of such activities, which is conducive to the tour of the amusement experience project in many places, and improve the efficiency of the activity.
- 2, commercial activities, in the commercial use of spherical tents to become the event in the election, as the best marketing means in the event, through the strange event exhibition, for the event to do a good job of publicity, which can get a good promotion effect, but also suitable for the release of new products, highlighting a unique activity. Will bring good value to every business.
- 3, carry out activities, no matter in any place, as long as you want to carry out, to carry out exhibitions to enhance the visibility of products, the best practice of promoting new products, in order to enhance the appearance of attraction, the use of innovative spherical tents, with a very suitable tent shape, to meet the needs of the development, to attract more consumers to come to watch.

Packing:

- 1:All steel structure should packing by air bubble filmplastic protect, because the steel structure easily scratches without protection packing.
- 2:All fabric should packing by palstic bag , protect cleaning
- 3:Steel structure loading by top open container. lightly and slowly hang into container.
