Large Wedding Clear Span Marquee Tent With Glass Wall Surface Oxidation Clearspan Marquee For Sale

Product Parameter :

Frame	High Reinforced Anodized Aluminum 6061/T6
Roof Cover	850gsm Blockout PVC Coated Fabric, Fire Retardant, UV Resistant, Water Proof. (Or 950gsm 0.75mm thick Transparent PVC fabric,waterproof.)
Wall Cover	650gsm Translucent PVC Coated Fabric, Fire Retardant, UV Resistant, Water Proof.(Or950gsm 0.75mm thick Transparent PVC fabric waterproof.)
Features	Allowed temperature condition: -30 degree Celsius to +70 degree Celsius. Steel Connector: Hot Dip Galvanized Steel
Lifespan	Aluminium frame is 15-20 years,roof cover and sidewall is 8-10 years under proper use

How to build a semi-permanent ice and snow sports arena?

Temporary sports venue Solutions: Modular aluminum alloy assembly, can be quickly assembled anytime and anywhere, up to 60 meters long span no column structure to ensure a spacious movement space, thick and durable tarp cover provides a safe use environment, the tent can be configured around the transparent floor glass structure, indoor lighting effect is obvious, hidden line lighting system is simple and bright, The space can be used efficiently from morning to night. It can also be dismantled after the event to reduce maintenance costs, and the entire canopy system can be reused for the next event. The large space, safety performance and cost performance required for ice sports can be met by semi-permanent temporary tent construction.

Sports equipment storage space solutions: High quality tent weatherability, low temperature can also maintain long-term use, large span application space can be placed to store a variety of large winter sports equipment, the wide and high opening design of the tent can allow forklift trucks and other tools to enter and exit freely, high strength aluminum alloy bracket and hard wall construction to improve the impact strength of the building, 850g thick PVC tarpaulin wind and waterproof, The close combination of the card through the slot and the steel structure link parts can avoid the leakage of the indoor space, and maintain a constant temperature for the temperature control and insulation system provided by the storage tent.

These details can ensure the good storage state of various sports materials and extend the service life of the equipment.

Event functional space solution: the tent has flat roof, hermitage, arc top and other structures, the size specifications can be customized according to actual needs, all kinds of tent space can be used as reception room, lounge, dining room, dressing room and other purposes, generally speaking, reception room or lounge using hermitage 10-30 m² space; The changing room can be built as a separate tent, and the 5m² spire tent space is comfortable enough to use; The dining room can be sized according to the scale of the event, the cost-effective 150-300m² miter top tent is most suitable, the ceiling of the tent is recommended to use cloth curtain decoration to increase the sag and beauty, plus gentle lighting, enhance the happiness of the dining experience. If the site conditions are not allowed, a large space canopy with a span of more than 25 meters can be built, and the internal hard wall is used as the division of each functional area to create a good and comfortable environment for the audience, staff and competitors.

Commercial leisure space solutions: the event is closely related to commercial publicity activities, the use of the tent as a leisure and entertainment space, tarpaulin customized a variety of brand publicity logo, can deepen the outside world's participation in the event enthusiasm, but also to promote the brand promotion. In order to make the event characteristic, the inner and outer structure of the tent can also be designed in a variety of shapes due to the theme of the event, taking the starry sky spherical tent as an example, the spherical shape, the local transparent lighting design, is very attractive, using it as a match to bring people a variety of theme entertainment space experience, will add a lot of color to the entire event.
