Maximum Wind Limit	80 ~ 100km/h
Eave Connection	Clip-fix style
Reinforce Method	Cross-fix

why wedding marquee tents provide privacy:

Enclosed Space: Marquee tents create a defined and enclosed space, separating your wedding from the surrounding area. This separation ensures that your event remains private and free from external distractions.

Controlled Access: You can control who enters the marquee tent by setting up clear entrance and exit points. This allows you to limit access to your invited guests only.

Exclusivity: By choosing a marquee tent, you have the flexibility to create an exclusive atmosphere. You can design the guest list and admission criteria to maintain a private and exclusive wedding experience.

Personalized Layout: You can design the layout of the marquee tent to include separate spaces for different parts of the wedding, such as the ceremony, reception, and lounge area. This segmentation allows you to maintain privacy within each designated area.

Partitioning: Some marquee tents come with partition walls that can be used to create separate areas within the tent. This is particularly useful for weddings with different segments or activities that require privacy.

Security: You can employ security personnel or ushers to monitor access to the marquee tent, ensuring that only invited guests are allowed inside.

Curtains and Drapery: You can use curtains, drapes, or blinds to control the level of privacy within the tent. For example, you can create private spaces for the bridal party or specific guests during the event.

Blocking Unwanted Views: If your wedding location has unwanted views or distractions, marquee tents can block them out, providing an enclosed and private environment.

Noise Isolation: The enclosed nature of marquee tents can help minimize external noise and disturbances, contributing to a more private and intimate atmosphere.

Secluded Setting: Marquee tents can be set up in secluded or private locations, away from prying eyes and the public. This adds to the sense of privacy and exclusivity for your wedding.

why marquee tents are well-suited for hosting weddings with different guest numbers:

Scalability: Marquee tents come in various sizes, shapes, and configurations, allowing you to choose a tent that matches the number of guests you expect. You can select a smaller tent for an intimate wedding or a larger one for a grand celebration.

Custom Layouts: The interior layout of marquee tents can be tailored to your specific needs. You can arrange seating, dining tables, and other elements in a way that maximizes the use of space and comfortably accommodates your guest count.

Modular Design: Some marquee tents have a modular design, which means that sections of the tent can be added or removed as needed. This flexibility allows you to adjust the tent's size to match the guest list, even if the number of guests changes.

Expandable Spaces: You can connect multiple marquee tents together to create a larger, unified space. This is particularly useful if you're planning a wedding with a substantial guest list.

Flexible Seating Arrangements: Marquee tents allow for a variety of seating arrangements, such as theater-style, banquet-style, or cocktail-style seating. This versatility enables you to maximize the use of space while accommodating different guest capacities.

Dividable Areas: Some marquee tents have partition walls that can create separate areas within the same tent. This is helpful for segmenting the space and accommodating different guest counts or activities.

Standalone Structures: You can set up additional marquee tents for specific purposes, such as a separate catering area or a lounge, to free up space within the main tent for guest seating.

Flexible Guest List: Whether you have a small and intimate wedding or a large gathering, marquee tents offer the adaptability to suit your guest list. You can adjust the guest count without needing to change your wedding venue.

Accessibility: Marquee tents can be designed to be accessible for all guests, including those with mobility challenges. You can incorporate features like ramps and accessible facilities to ensure everyone can participate in your celebration.

FAQ :

1)Q: What is the life span of your tents?

A: Life span of the aluminium is 15-20 years, PVC fabric is 5-6 years. Good discount will be given you to get a new fabric from us after 5-6 years.

2)Q:What accessories does your tent have?

A: Lining curtains (you can choose different colors), PVC Clear Windows (FREE), Expansion Screw (FREE), steel nails, weight plate, Flooring system (wooden floor), glass wall/door system (single door or double wing door), air conditioning System, rain gutter (provided according to your needs), carpet (different colors can be selected), decorative lighting, table (round table or rectangular table for 8-10 people), Chairs, Sidewall Option.

3)Q: How to choose the size of the tent?

A: The size depends on how many people you want to stand, sit or have dinner in this tent. And the size also depends on the land space you will put up this tent. Normally, we advise 1-1.5sq.m/person.

4)Q: What is the warranty and safety of your tents?

A: Our tent is made by European standards and we own the CE/SGS quality management system certificate. Besides, we can design your tents with the emergency door and exit & panic lights to make sure the safety when have an emergency situation.
