

T6 Aluminum Sports Hall Tent Outdoor Rain Proof Large Waterproof Big Tent World Famous Sports Canopy

Our Product Introduction

Basic Information

- Place of Origin: Guangdong
- Brand Name: Tendars
- Certification: ISO9001, SGS Coc, CE
- Model Number: Big tent
- Minimum Order Quantity: 25 square meters
- Price: Reconsideration
- Packaging Details: 1, The aluminium frame structure packed into the bubble film 2, the pvc fabric roof cover and sidewalls are packed into the PVC fabric carry bag; 3, Hardware packed into the box.
- Delivery Time: 18days or To be negotiated
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Product Name: Waterproof Big Tent
- Frame: Aluminum Alloy 6061/T6
- Fabric Material: Double PVC-Coated Polyester
- Slide Wall Select: PVC Walls, ABS Walls, Glass Walls
- Season: Four-season Tent
- Length: 3m-50m (you Can Customized)
- Color: Customized Color
- Ground Situation: Grassland, earth Land, asphalt Ground, cement Ground
- Highlight: **T6 Aluminum Sports Hall Tent, Rain Proof Sports Hall Tent**

Product Description

T6 Aluminum Sports Hall Tent Outdoor Rain Proof Large Waterproof Big Tent World Famous Sports Canopy

Description :

Type	Span (m)	Side height (m)	Ridge height (m)	Bay Distance (m)	Roof Pitch	Longest Component (m)	Wind Load (km/h)
TDS3/2.6-3	3	2.6	3.2	3	20°	3.5	80
TDS4/2.6-3	4	2.6	3.4	3	20°	4.1	80
TDS6/2.6-3	6	2.6	3.7	3	20°	3.5	80
TDS8/2.6-3	8	2.6	4.1	3	20°	4.3	80
TDS9/2.6-3	9	2.6	4.3	3	20°	4.8	80
TDS10/2.6-3	10	2.6	4.5	3	20°	5.3	80
TDS12/2.6-3	12	2.6	4.8	3	20°	3.2	80
Main frame Profile	100x48x3mm (4-channel)						
Eave Connection	Hot-dip Galvanized Steel Insert						
Roof Fixing	Bar Tension						
Frame Material	Hard Pressed Extruded Aluminum 6061/T6						
Cover Material	Double PVC coated Polyester textile, flame retardant to DIN4102 B1,M2,650-900g/sq.m						

Why Do You Need To Choose white Roof Tent ?

Reflects Sunlight:

White or light-colored materials reflect sunlight and heat more effectively than dark colors. This can help keep the interior of the tent cooler, especially in hot and sunny conditions. A cooler interior provides a more comfortable environment for occupants.

Improved Visibility:

A white roof can enhance visibility inside the tent during the day. More natural light is reflected, making it easier to see and find items within the tent. This is particularly beneficial if you're using the tent for activities that require good visibility, such as reading maps or organizing gear.

Reduced Heat Absorption:

Dark-colored materials tend to absorb and retain more heat than lighter colors. By choosing a white roof tent, you can reduce the amount of heat absorbed by the tent, helping to maintain a more comfortable temperature inside.

Minimizes Solar Heating:

Solar heating occurs when sunlight is absorbed by a surface and then re-radiated as heat. Light-colored materials minimize this effect by reflecting a larger portion of the sunlight, preventing excessive heating of the tent's interior.

Aesthetics:

Some people simply prefer the aesthetics of a white roof tent. It can give the tent a clean and bright appearance, and it may blend well with the surroundings in various outdoor settings.

Versatility:

White tents are versatile and can be suitable for a wide range of environments and events. Whether you're camping in a forest, on a beach, or at a music festival, a white roof tent can look appropriate in various settings.

Photography and Filming:

For those involved in photography or filming, a white roof can provide a neutral background and diffuse natural light, creating a more evenly lit space. This can be advantageous for capturing quality images or videos inside the tent.

Playing in a basketball tent, you can not only protect yourself from the heat, but also enjoy the following benefits:

Better sports experience: Compared to the outdoor basketball court, the basketball tent provides a more comfortable and safe environment, allowing you to focus more on the game and training, thereby enhancing your sports experience.

Prevent sun damage to your eyes: When playing outside, the reflection and exposure of the sun can cause damage to your eyes. In a basketball tent, you're protected from that and more focused on the game.

Better facilities: Compared with some outdoor basketball courts that have fallen into disrepair, basketball canopies are generally equipped with more advanced facilities, such as high-quality basketball stands and floors, so that you can enjoy better facilities when playing.

FAQ :

Q: What size of width and length for your tent?

A: The width we offer from 3m- 60m. Length are unlimited which can increase by multiples of 3m unit or 5m unit.

Q: Is your tent safe enough to do permanent structure?

A: Sure, the main frame are manufactured with high impact extruded anodized aluminum (6061/T6) which can resist wind up to 100km/h.
