About the party tent :

The main frame of the tent is a high-strength special hollow aluminum alloy structure, and the connecting parts adopt international welding technology. Adjustable base can cope with a variety of different types of sites, the tent adopts imported PVC special tarpaulin, the tarpaulin has super endurance, anti-stretching, anti-rain, anti-ultraviolet good performance, wind resistance, fire protection are up to international safety standards.

The appearance of the tent is elegant, suitable for the construction of any site, flexible and convenient. It is mainly suitable for holding a variety of large-scale outdoor exhibitions, celebrations, business parties, business promotion, sports events, tourism and leisure, industrial warehousing and other temporary activities.

Product characteristics :

Tent technology originated in Europe, which is different from ordinary tents is equivalent to a temporary building, reliable safety performance, for different types of sites can be quickly and flexibly built. It has the characteristics of convenient disassembly, convenient transportation and diversified combination.

There are no extra beams and columns in the tent, the space utilization rate is 100%, through your careful planning, the use of space is more imaginative, the tent enhances the possibilities of outdoor activities, and enhances the new concept of activities. We can tailor all types of tents you need and provide a comprehensive solution for your event.

The specifications of the tent are 3M, 4M, 5M, 6M, 8M, 10M, 15M, 18M, 21M, 25M.

The shape of the tent has a spire, a herringbone top, a square, a rectangle, and the side wall cloth can be opened or closed arbitrarily; We also offer sales and rental of 3M suntents and leisure umbrellas that are easy to operate and carry.

At the same time, you can set a full range of supporting facilities such as floor, lighting, curtain, air conditioning, color TV, plants, ABS hard wall, glass door with escape lock, safety glass wall, etc.
