Brief introduction of tent :

The tent is a new type of temporary construction for outdoor activities, which is called "flow" because of its flexible disassembly and storage and transportation

Real estate ". It is widely used in professional exhibitions, fairs, celebration parties, outdoor weddings, sports events, festivals

Celebrations (music festivals, beer festivals, food festivals...) Temporary warehouse, workshop, temporary construction, emergency disaster relief... tent

Leasing is a new concept for the international public, and it has gradually emerged in recent years as People's Daily outdoor activities

Among them, such as outdoor exhibition ---- tent is an extension of the exhibition hall; Outdoor celebrations, outdoor weddings, festive promotions must be used

Yes. It is composed of the original mobile frame and tarpaulin, the frame generally has alloy and steel as the main components, disassembly is very sensitive

Convenient storage, small size, easy to transport and other characteristics. Tarpaulin is a very main component of the tent, and its quality is a direct shadow

The safety of the tent is also closely related to the safety of the activity, so the choice of high quality tarpaulin is very important.

Five elements that make the canopy different from traditional architecture:

A, safe and stable, heavy and elegant, the overall wind resistance of the tent is 100 km/h.

B, the combination of supergroup characteristics, stretching infinite space.

C, flexible assembly and disassembly, fast transportation, convenient storage.

D, hollow high strength aluminum alloy, hot dip galvanized steel parts.

E, PVC tarpaulin, can be fire, rain.

Tent development :

The tent house originated in Europe, which is different from the ordinary tent is equivalent to a temporary building, reliable safety performance, for no

The same type of site can be set up quickly and flexibly. It has the characteristics of convenient disassembly, convenient transportation and diversified combination. The tent is empty

Any extra beams and columns, space utilization of up to 100%, through your careful planning, the use of space more imaginative, tent

It enhances the variety of possibilities of outdoor activities and promotes the new concept of activities. Tents in the rental industry developed in Europe and the United States

Very popular, our products are very mature, and has a perfect tent ancillary facilities and other supporting services, has formed a complete

The industry. The tent industry has just started in China, and our tent is also a little-known concept in China. Along with our country's classics

With the vigorous development of economy, it will be widely used in various outdoor activities. With the wide application of the canopy, the canopy is used as a kind of shelter

When the facility will be further improved in the direction of richer shape, lighter disassembly and higher economy.
