About tent :

First, the choice of style
 Although there are many different types of canopy,
 But different styles of tents are suitable for activities
 Is different, so can be based on the activity
 Nature and use to choose the style of the tent.
 If you don't know what to choose, okay
 Ask the manufacturer for advice.

Second, the activity tent room set
 The choice of manufacturer
 Choose the Before choosing a tent, you should first choose one
 Regular and reliable tent manufacturers. Select manufacturer
 When, it is best to conduct a field study of the phenomenon, if
 Is a regular manufacturer, in the choice of materials and
 The production is very strict, so that
 Can ensure the quality of products. If necessary
 You can also shop around and choose to recognize yourself
 For the perfect family.

Third, the effect of construction
 A good manufacturer can not only guarantee the quality of the product
 Quantity, the quality of the tent building should also be followed
 Up to standard. General tent manufacturers will have a special
 The construction personnel of the industry can guarantee the construction
 The canopy is strong and secure, thus guaranteeing your
 The activity can proceed smoothly.

Four, after-sales service before buying the tent must ask the manufacturer's after-sales service is what, good after-sales service to ensure the tent .The room is more secure and less troublesome in future use. Must not be greedy for cheap and ignore the after-sales service.

FAQ :

Q: Is that factory price?

Yes.We assure you all prices are based on factory.

Q: Does your tent be able to install repeatedly?

Our tents can be assembled and dismantled and repeatedly with small transportation size.The lifespan of aluminium framework can reach 15-20 years,and 5-8 years for PVC fabrics depending on different conditions of usage.

Q: What documents are available?

A full range documents including structural drawings,packing list,installation manual can be provided.Moreover,customs declaration is provided.We provide one-stop service for you.

Q: Has your tent product been certified?

Yes.Our tent product has passed the engineering tests. Besides, the PVC fabric used for roof covers and sidewalls has passed the fire tests and the flame retardant test base on the standard of German .

Q: Is your tent strong and stable enough? How about the wind loading?

Yes.The main frameworks (upright support and roof beam) are manufactured with high impact extruded anodized aluminum (6061/T6) so our tent structure is safe and strong and can resist wind up to 100 km/hr.

Q: How long is the warranty period?

Guarantee one year. During the warranty period, we shall repair or replace the damaged part accordingly because of any damage due to quality problem.
