Drawing

We can offer from 3m wide to 50m wide, no limited in length

The main frame is aluminum alloy T6061-T6 which is strong and rustless

The roof cover is 850g/sqm white PVC which is black-out, waterproof, UV resistant, fire / flame retardant

The side wall cover is 650g/sqm white PVC, it is waterproof, UV resistant, fire / flame retardant

Other colors for options, too

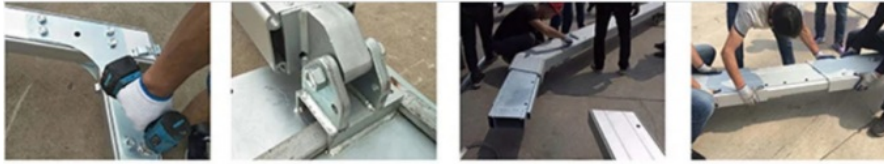

Usually we do 3m span or 5m span, you can increase or decrease the number of span as needed which is widely used for tent rental

Installation steps:

The whole frame is connected by the loose knot method of locking screws so it's easy to install and move

There are slots on both sides of the aluminum alloy frame to facilitate the passage of strips on the pvc cover

There are slide buckles on the side wall pvc cover, so we can pull it aside or take it down, there is a zipper in the middle of each side wall cover, when it is closed, it can be used as wall, conversely, it will be used as door.

FAQ :

1.What sizes are available for marquee tents?

Marquee tents come in various sizes to accommodate different event needs. Common sizes range from small 10x10 feet tents suitable for backyard parties to large tents exceeding 100 feet in length for weddings, exhibitions, and corporate events.

2.Are marquee tents suitable for all types of weather?

Marquee tents are designed to withstand various weather conditions, including rain, wind, and sun exposure. However, it's essential to select the appropriate tent size, anchoring method, and sidewall options to enhance weather resistance and ensure the safety of event attendees.

3.Can I customize the layout and design of my marquee tent?

Yes, marquee tents offer customization options to tailor the layout and design to your specific event requirements. You can choose sidewalls with windows, doors, or branding options, as well as add accessories like flooring, lighting, and heating/cooling systems.

4.How long does it take to set up a marquee tent?

The setup time for a marquee tent depends on various factors, including tent size, site conditions, and the expertise of the installation team. Small to medium-sized tents can typically be set up in a few hours, while larger tents may require more time and manpower.

5.Are marquee tents suitable for long-term installations?

While marquee tents are primarily designed for temporary use, they can be suitable for semi-permanent installations with proper maintenance and care. However, if you require a permanent structure, you may want to consider other building options such as pole tents, frame tents, or permanent structures.

6.Are marquee tents safe in windy conditions?

Marquee tents can be safe in windy conditions when properly installed and anchored according to manufacturer recommendations. Additional precautions may include using wind-resistant fabrics, reinforcing anchor points, and installing sidewalls for added stability.

7.Can I rent a marquee tent for my event?

Yes, many rental companies offer marquee tents for events on a short-term basis. Renting a tent can be a cost-effective option for one-time events or occasions where purchasing a tent is not feasible.

8.Do marquee tents require permits or approvals for installation?

Depending on your location and the size of the tent, you may need permits or approvals from local authorities before installing a marquee tent for your event. It's essential to check with your local government or event venue to ensure compliance with regulations.

9.How do I clean and maintain a marquee tent?

Regular cleaning and maintenance are essential to prolong the lifespan of your marquee tent. Follow manufacturer guidelines for cleaning procedures, and inspect the tent regularly for signs of wear and tear. Store the tent properly when not in use to prevent damage from weather exposure and pests.

10.Can I install lighting, heating, or cooling systems in my marquee tent?

Yes, marquee tents can accommodate various amenities and utilities, including lighting, heating, and cooling systems. Consult with your tent supplier or event planner to discuss options for enhancing comfort and ambiance within the tent space.
