30x50m Outdoor Fireproof Pvc Curve Roof Aluminium Arcum Event Party Tent Cover For 1200 People

Our Product Introduction

Basic Information

- Place of Origin: Guangdong
- Brand Name: Tendars
- Certification: ISO9001, SGS, Coc, CE
- Model Number: Big tent
- Minimum Order Quantity: 25 square meters
- Price: Reconsideration
- Packaging Details: 1, The aluminium frame structure packed into the bubble film 2, the pvc fabric roof cover and sidewalls are packed into the PVC fabric carry bag; 3, Hardware packed into the box.
- Delivery Time: 18days or To be negotiated
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Product Name: Aluminium Arcum Event Party Tent
- Side Wall: PVC Walls,glass Wall,ABS Wall,sandwich Panel Wall,etc.
- Roof Cover: 850g/sqm Double PVC-coated Polyester Textile
- Connectors: Hot-DIP Galvanized
- Ground Situation: Grassland,earth Land,asphalt,cement Ground,marble,etc.
- Roof Fixing: Bar Tensioning
- Wind Resistance: 100 Mph(44 Meters Per Second)
- Fixing Solution: Ground Anchor, Expandable Bolt, Weight Plate, Etc.

Product Description

30x50m Outdoor Fireproof Pvc Curve Roof Aluminium Arcum Event Party Tent Cover For 1200 People

Product Specification:

Item	Width	Eave Height	Ridge Height	Bay Distance	Main Profile
DNPT	6m	2.6m	3.48m	3m	100x48x3mm(4-channel)
DNPT	8m	2.6m	3.82m	3m	100x48x3mm(4-channel)
ABT	15m	3.88m	5.73m	5m	204x120x4mm(4-channel)
ABT	20m	3.88m	6.53m	5m	204x120x4mm(4-channel)
ABT	25m	3.88m	7.33m	5m	204x120x4mm(4-channel)
AEBT	30m	3.92m	7.87m	5m	256x121x5mm(4-channel)
AHT	40m	3.92m	9.60m	5m	300x120x5mm(4-channel)
Customized size is available.					

Main Profile	Material: Hard pressed extruded aluminium 6082-T6, 6061/T6
	Features: Stainless
Cover	Material: Double PVC-coated polyester textile, 750g-900g/m ²
	Features: Waterproof, flame retardant to DIN4102 B1, M2, CFM,
	UV resistant
Eave Connection	Hot-dip Galvanized twin steel plate
Wind Loading	100km/hour

Product features:

- 1) High security.
- 2) Heavy-duty and stable structure.
- 3) Elegant and magnificent appearance.
- 4) No interior poles structure design, to give 100% use of interior space.
- 5) Easy to assemble and demount. Convenient for transport and storage.
- 6) Wide range of applications; Widely used for an outdoor party, wedding, celebration, festival, fashion show exhibition, fair, trade show, business promotion, product show, car showrooms, conference, ceremony, garden centre.

Key principles:

Curved Roof Design: The primary principle of Aluminum Arcum Event Party Tents is their curved roof design, which distinguishes them from traditional tents. This design serves multiple purposes:

Aesthetic Appeal: The curved roof adds elegance and style to the tent, creating a visually appealing structure suitable for upscale events.

Interior Space: The curvature of the roof provides increased interior space compared to flat-roofed tents, allowing for better utilization of the tent's footprint.

Weather Resistance: The curved shape aids in water drainage, preventing pooling and ensuring efficient runoff during rain or snowfall.

Aluminum Frame Construction: The use of high-quality aluminum frames is another fundamental principle of Aluminum Arcum Event Party Tents. Aluminum is chosen for its strength, durability, and lightweight properties, offering several advantages:

Sturdiness: Aluminum frames provide structural stability, ensuring the tent can withstand various weather conditions and environmental factors.

Portability: Despite their robustness, aluminum frames are lightweight and easy to transport, making them suitable for temporary or semi-permanent installations.

Versatility and Customization: Aluminum Arcum Event Party Tents are designed to be versatile and customizable to meet the specific requirements of different events. This principle encompasses:

Flexible Layout: The absence of interior poles or columns allows for flexible layout configurations, enabling event organizers to optimize space according to their needs.

Customization Options: Event planners can choose from a range of customization options, including sidewall configurations, flooring choices, lighting setups, and branding opportunities, to create a tailored environment that reflects the theme and purpose of the event.

Ease of Installation: Another guiding principle is the ease of installation and setup of Aluminum Arcum Event Party Tents. This principle emphasizes:

Modular Construction: The tents are designed with modular components that simplify assembly and disassembly, reducing the time and labor required for installation.

User-Friendly Design: Components are engineered for intuitive assembly, with clear instructions provided for efficient setup by event crews or rental companies.

Durability and Longevity: Finally, the principle of durability ensures that Aluminum Arcum Event Party Tents are built to last, offering reliable performance over multiple events and seasons. This involves:

Quality Materials: From the aluminum frames to the fabric covers, only high-quality materials are used to withstand the rigors of outdoor use and frequent setup and takedown.

Robust Construction: Every component is engineered for durability, with attention to detail in construction to ensure longevity and reliability in diverse weather conditions.

FQA:

Q1: Can you print our logos on the tent?

Yes. Customized logos can be printed on the tent fabric according to your requirements.

Q2: Is that factory price?

Yes. We assure you all prices are based on factory.

Q3: Does your tent be able to installed repeatedly? What is the life span?

Our tents can be assembled and dismantled easily and repeatedly with small transportation size. The lifespan of aluminium framework can reach 15-20 years, and 5-8 years for PVC fabrics depending on different conditions of usage.

Q4: What documents are available?

A full range documents including structural drawings, packing list, installation manual and relative certificates can be provided. Moreover, customs declaration is provided.
