Applications:

Weddings and Receptions: PVC cover curve tents are popular choices for wedding ceremonies and receptions. Their elegant and spacious design provides a picturesque setting for exchanging vows, dining, and dancing. The PVC cover offers protection from the sun, rain, and wind, ensuring a comfortable experience for guests.

Corporate Events: These tents are often used for corporate events such as conferences, trade shows, product launches, and company retreats. They offer ample space for presentations, exhibitions, networking, and dining areas. The customizable design allows for branding opportunities and creates a professional atmosphere for attendees.

Exhibitions and Trade Shows: PVC cover curve tents are ideal for exhibitions, trade shows, and product showcases. Their open and airy design attracts visitors and allows exhibitors to showcase their products and services effectively. The PVC cover provides protection from the elements while allowing natural light to enter the space.

Parties and Celebrations: From birthday parties to anniversary celebrations, PVC cover curve tents add a touch of elegance to any event. They can accommodate large guest lists and provide a versatile space for dining, dancing, and socializing. The waterproof PVC cover ensures that the party can go on rain or shine.

Concerts and Performances: These tents are suitable for outdoor concerts, music festivals, and other performances. They can be used as performance stages, VIP lounges, merchandise areas, and food and beverage stalls. The PVC cover offers protection for equipment and performers while providing excellent acoustics. And so on.

Packaging&Shipping

All steel structure should packing by air bubble film plastic protect, because the steel structure easily scratches without protection packing.
All fabric should packing by plastic bag, protect cleaning.
Steel structure loading by top open container. lightly and slowly hang into container.

FQA:

1. Can you print our logos on tent ?

Yes. Customized logos can be print on the tent fabric according to your requirements.

2. Is that factory price?

Yes. We assure you all prices are factory price.

3. Is your tent strong and stable enough ? How about the wind loading ?

Yes, It is can resist wind up to 100 km/hr, if the wind or snow is very very heavy, please tell us and we will strengthen the tent to keep you safe!

4. Has your tent product been certified?

Yes. Our tent product has passed the engineering tests. Besides, the PVC fabric used for roof covers and sidewalls has passed the fire tests.

5. How can I go to visit your company ?

Our factory is very near by Baiyun airport. If you want to visit our factory, we pick you up there or you can take the taxi to our factory.
