## Product Description

### 5x5 Aluminum Alloy Structure Outdoor White Pvc Canopy Marquee UV Resistant Pagoda Tent

#### Product Description:

Items	Specification					
Size	3x3m	4x4m	5x5m	6x6m	8x8m	10x10m
Eave Height	2.5m	2.5m	2.5m	2.5m	2.7m	2.7m
Ridge Height	4.1m	4.9m	5.1m	5.7m	6.1m	6.6m
Main Profile	65 x 65 x 3mm				122x68x3mm	
Frame Material	Hard expressed extruded aluminum alloy 6061/T6					
Roof Tension	Threaded Rod Tensioner					
Eave Connection	Hot-dip galvanized steel insert					
Fabric	PVC 650-900 GSM					
Max. Allowed Windspeed	80km/hr, 0.3kn/m2					
Optional Accessories	PVC windows, Glass door, Stake, Stake puller, Rain gutter, Lining and curtain, Flooring system, Glass walling system, weight plate, ABS/Sandwich wall system					

#### The main features:

**UV Protection:** UV-resistant Pagoda tents are specially designed to block harmful ultraviolet (UV) rays from the sun. The canopy material is treated with UV inhibitors or coated with UV-resistant materials to provide reliable protection against sunburn and skin damage.

**High-Quality Canopy Material:** The canopy material used in UV-resistant Pagoda tents is typically made of high-quality polyester fabric or vinyl with UV-resistant properties. These materials are specifically chosen for their ability to block UV rays while maintaining durability and longevity.

**Effective Sun Blockage:** UV-resistant Pagoda tents offer effective sun blockage, providing shade and protection from direct sunlight. This feature helps keep the tent interior cooler and more comfortable, allowing guests to enjoy outdoor events without worrying about sun exposure.

**Durability:** UV-resistant Pagoda tents are constructed with durable materials that can withstand prolonged exposure to sunlight and outdoor elements. The canopy material is designed to resist fading, degradation, and damage caused by UV radiation, ensuring long-term performance and reliability.

**Sturdy Frame:** UV-resistant Pagoda tents are supported by sturdy frames made of aluminum alloy or steel. These frames provide stability and structural integrity, even in windy conditions, ensuring the tent remains secure and stable throughout the event.

**Quick Assembly:** UV-resistant Pagoda tents feature a modular design that allows for quick and easy assembly. The components fit together

seamlessly, and the tent can be set up in a relatively short amount of time, making it convenient for outdoor events and activities.

**Versatility:** UV-resistant Pagoda tents are versatile structures that can be used for a wide range of outdoor events, including weddings, parties, picnics, festivals, trade shows, and more. They provide a comfortable and shaded space for guests to gather and socialize while minimizing the risk of sunburn and heat exhaustion.

**Customization Options:** UV-resistant Pagoda tents offer customization options to suit specific event requirements. Features such as sidewall configurations, door options, window styles, and branding opportunities can be tailored to meet individual preferences and branding needs.

#### **FQA :**

##### **Q: Can you print our logos on tent?**

\* Yes. Customized logos can be print on the tent fabric according to your requirements.

##### **Q: Is that factory price?**

\* Yes. We assure you all prices are based on factory.

##### **Q: Does your tent be able to install repeatedly?**

\* Our tents can be assembled and dismantled and repeatedly with small transportation size. The lifespan of aluminium framework can reach 15-20 years, and 5-8 years for PVC fabrics depending on different conditions of usage.

##### **Q: What documents are available?**

\* A full range documents including structural drawings, packing list, installation manual and relative certificates can be provided. Moreover, customs declaration is provided. We provide one-stop service for you.

##### **Q: What size tent is necessary for your special event?**

\* A person must first determine tent usage. If a tent is being used for dining purposes and round tables are being used allow 10-12 square feet per person. If banquet style tables are being used allow 8-10 square feet per person. If the purpose is for cocktail service allow 5 to 6 square feet per person. Contact us for all your specific questions and more information on tent types.
