Parameter table:

The dome tent has a strong nomadic customs, full of wild and passion, coupled with the characteristic interior decoration and small details, let the guests as if back in the ancient grassland nomadic times. In addition to the strong tent roof, designers use a lot of transparent walls to create a sense of integration with nature. Visitors can see the stars in the sky while lying on the bed under the quilt without going out of the tent at night. Every morning I wake up and lie in bed to see how the grassland is covered with golden sunshine. This is a combination of scenery and comfort compared to shivering outside in a storm suit, watching the stars and waiting for the sunrise.

Main Profiles	Availble Size: 25x2mm		
	Material: Stoving Vanished Structure		
	Features: Attractive apperance and Stainless		
Cover	Density: 850g/sqm block-out white or 700g/sqm transparent fabric for roof.
