#### Features:

##### More Space

Based on the dome's distinctive structural architecture, it provides a roomy interior for huge events such as conferences, exhibitions, and weddings. Its unique design allows for more space inside without a central support column.

##### More Environmentally Friendly

Oversized transparent windows allow sunlight to spill into the venue, which not only provides a link between the interior and the outside world and a more visually open view, but also reduces the amount of artificial lighting during the day. Dome tents can often be erected and dismantled more quickly than traditional buildings, and reused over and over again.

##### More Design Possibilities

The internal 360° projection screen is also one of the design options for our giant activity ball, if you have more design ideas you can leave it to us to realise them together.

#### Advantages:

##### 1. Flexible and convenient

Easy installation and disassembly, adapted to different sites.

##### 2. Safety and Solid

Structural stability, resistance to wind and snow shock.

##### 3.High and fashion

Changing style in tarpaulin makes products for outdoor activities to bring better results, Weddings, parties, festivals, trade shows and other outdoor events is good.
