PG	20m	4m	9.42m	5m	204x120x4mm(4-channel)
PG	30m	4m	13.2m	5m	256x121x5mm(4-channel)
PG	40m	4m	15.4m	5m	300x120x5mm(4-channel)
PG	50m	4m	16.0m	5m	300x120x5mm(4-channel)
PG	60m	4m	17.0m	5m	400x120x7mm(4-channel)

The length can be extended by 5m bay such as 15m, 20m, 30m, 40m... Customized size is available.

Main Profile	Material: Hard pressed extruded aluminium 6082-T6, 6061/T6
	Features: Stainless
Cover	Material: Double PVC-coated polyester textile, 750g-900g/m ²
	Features: Waterproof, flame retardant to DIN4102 B1, M2, CFM, UV resistant
Eave Connection	Hot-dip Galvanized twin steel plate
Wind Loading	100km/hour

Features:

Spacious Interior: Indoor badminton sports hall tents provide a large, open interior space that is suitable for setting up badminton courts and other sports facilities. The spacious layout allows for multiple courts to be set up simultaneously, accommodating multiple matches or training sessions at once.

High Ceiling: These tents typically have a high ceiling clearance, allowing for ample headroom and providing enough vertical space for badminton players to move freely without obstruction. The high ceiling also helps in maintaining good lighting conditions and ventilation within the tent.

Durable Construction: Indoor badminton sports hall tents are constructed using high-quality materials such as aluminum alloy frames and durable fabric covers. These materials are lightweight yet strong, providing structural stability and protection against the elements.

Weather Resistance: The fabric covers used in these tents are weather-resistant and can withstand exposure to rain, wind, and UV rays. This ensures that indoor sports activities can proceed uninterrupted regardless of the weather conditions outside.

Customization Options: These tents can be customized to meet the specific requirements of badminton matches and other indoor sports events. Optional features such as flooring, lighting, HVAC systems, and spectator seating can be added to enhance the comfort and functionality of the sports hall.

Quick Installation: Indoor badminton sports hall tents are designed for quick and easy installation, allowing them to be set up and dismantled rapidly as needed. This makes them an ideal solution for temporary sports events or venues where permanent facilities are not available or feasible.

FQA:

Q: Can you print our logos on the tent?

Yes. Customized logos can be printed on the tent fabric according to your requirements.

Q: Is that factory price?

Yes. We assure you all prices are based on factory.

Q: Does your tent be able to installed repeatedly? What is the life span?

Our tents can be assembled and dismantled easily and repeatedly with small transportation size. The lifespan of aluminium framework can reach 15-20 years, and 5-8 years for PVC fabrics depending on different conditions of usage.

Q: What documents are available?

A full range documents including structural drawings, packing list, installation manual and relative certificates can be provided. Moreover, customs declaration is provided. We provide one-stop service for you.
