#### Features:

**Spacious Interior:** Sports event hall tents offer a large, open interior space that can accommodate multiple sports activities simultaneously. The spacious layout allows for the setup of various sports courts, such as basketball, volleyball, tennis, or badminton, depending on the event's requirements.

**Durable Construction:** These tents are constructed using high-quality materials, such as aluminum or steel frames and durable fabric covers. The robust construction ensures structural stability, durability, and resistance to weather elements.

**Weather Resistance:** The fabric covers used in sports event hall tents are typically weather-resistant and provide protection against rain, wind, UV rays, and other outdoor elements. This allows sporting events to proceed smoothly regardless of the weather conditions outside.

**Clear Span Design:** Many sports event hall tents feature a clear span design, which means they have no interior support columns or pillars. This design maximizes the available space within the tent, allowing for unobstructed views and optimal use of the interior space.

**FQA:**

**Q: Can you print our logos on tent?**

\* Yes. Customized logos can be print on the tent fabric according to your requirements.

**Q: Is that factory price?**

\* Yes. We assure you all prices are based on factory.

**Q: Does your tent be able to install repeatedly?**

\* Our tents can be assembled and dismantled and repeatedly with small transportation size. The lifespan of aluminium framework can reach 15-20 years, and 5-8 years for PVC fabrics depending on different conditions of usage.

**Q: What documents are available?**

\* A full range documents including structural drawings, packing list, installation manual and relative certificates can be provided. Moreover, customs declaration is provided. We provide one-stop service for you.

**Q: What size tent is necessary for your special event?**

\* A person must first determine tent usage. If a tent is being used for dining purposes and round tables are being used allow 10-12 square feet per person. If banquet style tables are being used allow 8-10 square feet per person. If the purpose is for cocktail service allow 5 to 6 square feet per person.
