>>Please tell us your plan and requirements. We can design according to your requirements.	

First, tell me the size and terrain you found suitable for obstacle courses, perhaps hills, pools or flat ground.

Second, determine the target of the training, which can be adults or children. Obstacle courses for adults can be more intensive and include more dangerous obstacles. Children's obstacle courses should be simpler and safer.

If you have specific design obstacles in mind, you can tell us directly. We design and implement your ideas according to your requirements. If not, we can provide a design scheme suitable for the site and then modify it.

FQA:

1. Can you help me to design? Can you provide customized services?

Yes, We specialize in providing customized service.

2. What is the price for designing obstacle courses?

You can offer me the size you need. We will first provide you with designs and prices of similar sizes for your reference. Once our design is confirmed, we will provide an accurate price.

3. How to start up to build a obstacle course?

Firstly, complete the design based on the detailed information of the site (CAD site plan). Secondly, pay the deposit and sign the contract to start production. Then, after the production is completed, it is inspected by the quality control system before shipment. Finally, we will provide installation guidance or personnel to travel to your country.

4. How long does it take to build a obstacle courses?

The project time to build a obstacle courses depends on the size of your courses. Generally it takes around 1-2 months to get the facility ready for your obstacle courses. If you need to expedite the production of obstacle events, please contact us immediately and make adjustments according to the actual situation.

5. What about transport? How long is the delivery time?

Our mode of transportation is by sea.

If you need to specify other modes of transportation, you can contact us.

Normal delivery date is about 7-10 days, but if we are busy, the delivery date need to be negotiated.

6. How about the payment term?

Widely accept T/T, Western union, etc. 50% deposit, balance paid before shipment.

7. How is the warranty and after service?

There will be one years warranty. If there is any damage, we will make free for you, and for other parts, we will send some more spare parts with free to you. Even if you have any problem during future use, please just contact us for free, we will try our best to help you solve it.
