#### 2.Details:

Strong, durable, beautiful party tent, solid iron frame and galvanized steel surface to ensure stability and rust resistance, additional ground bars make the tent more stable on the ground, more wind resistance.

Includes nylon buttons, steel nail anchors, detachable sidewalls, and drawstring fittings.

There are 4 movable side walls: 2 movable side walls have transparent Windows, 1 wall with free zip door, durable waterproof PE fabric blocks light. Iron galvanized anti-embroider oil frame, 38m iron pipe, assembly requires multiple people (about 4-6 people).

It can be used to store cars, music festivals, gardening supplies, weddings, outdoor parties, events, etc. This is perfect for outdoor parties, events or as a storage room.

### 3. Here's an overview of the process:

Engineers and designers develop detailed plans and specifications for tents, taking into account factors such as size, shape, material and structural requirements.

It is usually made of high-quality materials that provide durability and visibility. Common materials include PVC coated polyester fabric, vinyl or clear PVC film.

The frame is made of a strong material such as aluminum or steel. The frame provides structural support and stability, ensuring that the tent remains safe in all weather conditions.

Transparent panels are an important part of outdoor party tents as they allow natural light to enter the space and provide an unobstructed view of the surrounding environment.

Strict quality control measures are implemented to ensure that tents meet the highest standards of safety, durability and performance.

### 4. FAQ :

**Q: Are you a factory or trading company ?**

A: We are a factory located in Guangzhou city, Guangdong province, China.

**Q: What product do you have ?**

A: Our main products are tent, outdoor furniture and so on.

**Q: Is that factory price?**

A: Yes,we assure you all prices are based on factory.

**Q: What's the right size of tent do I need?**

A: Generally speaking, if you just use chair inside the tent you need 0.8 to 1.2 sqm space for each person, if you use tables and chairs together, you need 1.3 to 1.5 sqm space for each person, if you use no tables and chairs together at all, you just need 0.6 sqm space for each person.
