FQA:

1.Does your tent be able to install repeatedly?

Our tents can be assembled and dismantled and repeatedly with small transportation distance. The lifespan of aluminum framework can reach 15-20years, and 5-8 years for PVC fabrics depending on different conditions of usage.

2.Is your tent strong and stable enough? How about the wind loading?

Yes.The main frameworks(upright support and roof beam) are manufactured with high impact extruded anodized aluminum(6061/T6).So our tent structure is safe and strong and can be resist wind speed up to 100 km/hr.

3.What documents are available?

A full range documents drawings, packing lists, installations manual and relatives certificates can be provided. Customs declaration is provided. We provided one-stop service for you.

4.How long is the warranty period?

Guarantee one year.During the warranty period, we shall repair and replace the damaged part accordingly because of any damage due to quality problem. Not including man-made damage or accident damage.
