Features	Water Proof, UV Resistance, Fire Retardant(DIN4102,B1,M2)
Application	Wedding, Party, Event, Exhibition,etc
Accessories	Drapery, Air Conditioner, Heater, Floor, Window, Curtain, Lighting etc.

Here's an overview of Aluminum Canopy Tents:

Aluminum Frame: The frame of an Aluminum Canopy Tent is constructed from lightweight yet sturdy aluminum poles or tubes. Aluminum is chosen for its strength-to-weight ratio, making it durable and easy to transport compared to other materials like steel.

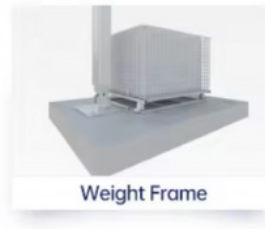

Canopy Fabric: The canopy of an Aluminum Canopy Tent is typically made from weather-resistant materials such as polyester or vinyl. These fabrics are often treated to be waterproof, UV-resistant, and flame-retardant, providing protection from the elements during outdoor events.

Ease of Setup: Aluminum Canopy Tents are designed for quick and easy setup without the need for specialized tools or equipment. The frame components usually feature a snap-lock or push-button mechanism for fast assembly, allowing users to set up the tent in a relatively short amount of time.

Portability: Due to the lightweight nature of aluminum, Aluminum Canopy Tents are highly portable and easy to transport from one location to another. They are often used for events such as trade shows, farmers' markets, outdoor festivals, weddings, and backyard parties where temporary shelter is needed.

Versatility: Aluminum Canopy Tents come in a variety of sizes and configurations to suit different event requirements. They can be customized with sidewalls, windows, doors, and other accessories to create a comfortable and functional space for guests.

FIXED SYSTEM

Requirement:

Let us know the following data, we can give you a specific quotation sheet;

1. Width_____M
2. Length_____M
3. Space distance between columns:_____M
4. Eave high_____M

FAQ:

Q1 What is the MOQ in Tendars?

Normally 25 sqm; or pls go to ask customer service;

Q2: Can you print our logos on the tent?

Yes. Customized logos can be printed on the tent fabric according to your requirements.

Q3. Do You Provide Any Guidance on the Job-site?

We will attach the build instructions in your product package.

If you need, we will send our technology staff and project manager to provide installation guidance in your job-site.

Q4. How Long Will the Clear Span Structure Last?

In the reasonable using, the lifespan of the aluminum alloy can last over 10-15 years and the PVC cover is guaranteed up to 5 years.
