Details:

Here's an overview of the principles involved:

Versatility: Marquee wedding reception tents are designed to be versatile, offering the flexibility to accommodate various wedding styles, themes, and guest counts. The tents can be set up in different locations, including gardens, parks, beaches, or private properties, allowing couples to choose a venue that reflects their vision for their special day.

Customization: One of the key principles of marquee wedding reception tents is customization. Couples can personalize every aspect of the tent, from the canopy design and color scheme to the layout, decor, and furnishings. This customization allows couples to create a unique and memorable ambiance that reflects their personalities and preferences.

Spacious Interior: Marquee wedding reception tents provide a spacious interior space without the obstruction of internal support poles or columns. This open layout allows for flexible seating arrangements, dance floors, stages, and other event elements, ensuring that guests have plenty of room to socialize, dine, and celebrate.

Weather Protection: Marquee wedding reception tents offer protection from the elements, including sun, rain, wind, and humidity. The canopy fabric is made from durable and weather-resistant materials such as PVC-coated polyester or polyethylene, providing a comfortable and sheltered environment for guests regardless of the weather conditions outside.

Ambiance: Creating the right ambiance is essential for a memorable wedding reception. Marquee wedding reception tents offer a blank canvas for couples to design their dream wedding atmosphere, whether it's romantic, rustic, modern, or vintage. Lighting, drapery, floral arrangements, and other decor elements can be used to enhance the ambiance and create a magical atmosphere for guests.

Convenience: Marquee wedding reception tents offer convenience for both couples and guests. They can be set up and dismantled relatively quickly, allowing for seamless transitions between different parts of the wedding day, such as the ceremony, cocktail hour, dinner, and dancing. Additionally, amenities such as heating, air conditioning, and restroom facilities can be easily incorporated into the tent design to enhance guest comfort.

Cost-Effectiveness: Marquee wedding reception tents can be a cost-effective alternative to traditional wedding venues such as hotels or banquet halls. They often have lower rental fees and offer more flexibility in terms of catering, decor, and other expenses, allowing couples to allocate their budget more efficiently and prioritize elements that are most important to them.

FAQ:

1)Q: Are you a factory or trading company?

A: We are a professional tent factory. So we can offer you a competitive price and a fast delivery time, can also control the quality well and supply constantly to ensure the quantity.

2)Q: What is the life span of your tents?

A: Life span of the aluminium is 15-20 years, PVC fabric is 5-6 years. Good discount will be given you to get a new fabric from us after 5-6 years.

3)Q: How to assemble your tents?

A: We will provide the manual and video for you to study. If you need, we can send a technician to help you in your country. Our tents can be assembled and dismantled easily and repeatedly with small transportation size.

4)Q: How to choose the size of the tent?

A: The size depends on how many people you want to stand, sit or have dinner in this tent. And the size also depends on the land space you will put up this tent. Normally, we advise 1-1.5sq.m/person.

5)Q: What is the warranty and safety of your tents?

A: Our tent is made by European standards and we own the CE/SGS quality management system certificate. Besides, we can design your tents with the emergency door and exit & panic lights to make sure the safety when have an emergency situation.

6)Can you print our logos on the tent?

A: Yes. Customized logos can be printed on the tent fabric according to your requirements.

7)Can Tendars Tent Structure be Relocated?

A: All of our tent structures is designed into relocatable construction. For the seasonal and regional using, you can dismantle, store or remove the

tent to any location. Also, our tent structures are allowed to be permanent building as sports center, industrial warehouse or exhibition hall.

8)What Kinds of Structures Will I Get From Tendars?

A: All of our structures are made with hard-pressed aluminum alloy frame and totally waterproof PVC membrane. In addition, the tent structure is designed into clear span (without any interior column) and modular construction. Such kinds of structures will create the whole interior space for any occasion with a rapid installation.
