

UV Resistance Aluminum Glass Wall And Door Event Marquee Tent For Outdoor Event/Party/Wedding Etc

Our Product Introduction

Basic Information

- Place of Origin: Guangdong
- Brand Name: Tendars
- Certification: ISO9001, SGS Coc, CE
- Model Number: Big tent
- Minimum Order Quantity: 25 square meters
- Price: Reconsideration
- Packaging Details: 1, The aluminium frame structure packed into the bubble film 2, the pvc fabric roof cover and sidewalls are packed into the PVC fabric carry bag; 3, Hardware packed into the box.
- Delivery Time: 18days or To be negotiated
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 50000 Square Meters per Month

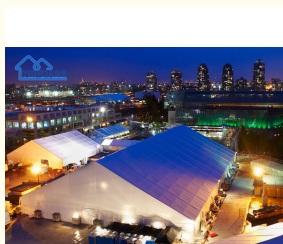

Product Specification

- Product Name: Aluminum Event Marquee Tent
- Application: Event/Party/Wedding/Exhibitions/Warehouse
- Frame Material: Extruded Aluminum Alloy, With Oxidation Treatment
- Cover Material: Double PVC-coated Polyester Fabric
- Color: White, Blue, Green, Red, Black, Gray, Transparent
- Sidewall Options: PVC Wall, Glass Wall, Sandwich Wall, ABS Wall
- Feature: Waterproof, UV Resistant, Flame Retardant
- Wind Load: 100km/h
- Highlight: **UV resistant aluminum glass marquee tent, outdoor event tent with glass walls, wedding party marquee tent aluminum**

50m	4.8m	13.9m	5m	340x170x6mm

Here are the key principles involved:

Aluminum Frame Construction: The primary principle of an aluminum event marquee tent is its sturdy frame construction. The frame is typically made of high-quality aluminum alloy, chosen for its lightweight nature, strength, and corrosion resistance. The aluminum frame is engineered to provide structural integrity and stability, ensuring that the tent can withstand different weather conditions and remain safe and secure during events.

Modular Design: Aluminum event marquee tents feature a modular design, allowing for easy assembly and disassembly. The frame components are designed to fit together seamlessly, using connectors, bolts, or snap-lock mechanisms. This modular design enables quick setup and teardown of the tent, making it suitable for temporary events and venues.

Customizable Canopy: The canopy of an aluminum event marquee tent is typically made from durable and weather-resistant materials such as PVC-coated polyester or polyethylene. The canopy fabric is available in various colors and designs, allowing for customization to match the theme or branding of the event. Additionally, the canopy can be equipped with optional features such as sidewalls, windows, doors, and branding elements to enhance functionality and aesthetics.

Versatility: Aluminum event marquee tents are designed to be versatile and adaptable to different event requirements. They come in various sizes, shapes, and configurations to accommodate different guest counts, venue spaces, and event types. Whether hosting weddings, parties, corporate functions, exhibitions, or festivals, these tents offer a flexible venue solution that can be tailored to suit the specific needs of the event.

Weather Resistance: An important principle of aluminum event marquee tents is their ability to provide shelter and protection from the elements. The canopy fabric is designed to be waterproof, UV-resistant, and flame-retardant, ensuring that event attendees remain dry, comfortable, and safe regardless of the weather conditions outside. Additionally, the sturdy aluminum frame and secure anchoring systems help to withstand wind, rain, and other environmental factors.

Ease of Transport and Storage: Aluminum event marquee tents are designed to be portable and easy to transport. The frame components can be disassembled and packed into compact bundles for transport to different event locations. Additionally, the lightweight nature of aluminum makes the tent components easier to handle during setup and teardown. When not in use, the tent components can be stored efficiently to prolong their lifespan and maintain their quality.

FAQ:

1) Q: What size of tents can you make?

A: The span width can vary from 3m to 50m; The length is unlimited with bay distance 3m or 5m.

2) Q: Can you do customization?

A: Yes! We can provide practical solution based on your required dimensions, venue limitation, and different application.

3) Q: Do you provide assembly instructions?

A: Yes! There will be a trial installation in our factory after production is finished for your inspection.

Assembly manual and video will be also provided.

4) Q: Can you print our logo on the tent?

A: Yes! We will advise on the printing way, location and design based on your specific logo.

5) Q: Are you a factory or trading company?

A: We are an experienced tent factory, providing competitive prices, direct quality control, and flexible production scheduling.

6) Q: How to choose the size of the tent?

A: You can contact with MiTent sales team, telling us what kind of event you are going to hold, and how many people you are going to accommodate. We will offer a suggestion according to your event usage and required capacity.

7) Q: What is the delivery time?

A: Regular size tents will take about 15-25 working days after receiving deposit.

You can contact MiTent team to further discuss based on the specific tent and quantity.
