

## High Quality Customized Size Aluminum Wholesale Price Air Conditioner Sun Canopy Tent For Sale

Our Product Introduction

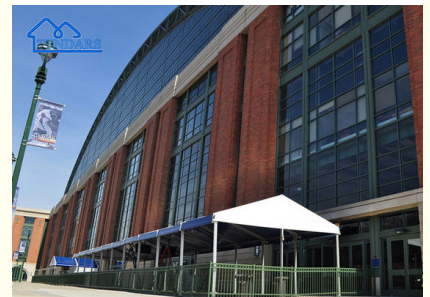

### Basic Information

- Place of Origin: Guangdong
- Brand Name: Tendars
- Certification: ISO9001, SGS Coc, CE
- Model Number: Big tent
- Minimum Order Quantity: 25 square meters
- Price: Reconsideration
- Packaging Details: 1, The aluminium frame structure packed into the bubble film 2, the pvc fabric roof cover and sidewalls are packed into the PVC fabric carry bag; 3, Hardware packed into the box.
- Delivery Time: 18days or To be negotiated
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 50000 Square Meters per Month

### Product Specification

- Product Name: Sun Canopy Tent For Sale
- Wind Resistance: 100km/h
- Application: Outdoor Event
- Frame Material: Aluminum
- Connectors: Hot-DIP Galvanized
- Side Wall: ABS Wall, glass Wall, PVC Wall, ect
- Fixing Solution: Ground Anchor, Expandable Bolt, etc
- Size: Customized Size

#### Details:

type	span(m)	Side height(m)	top height(m)	Cell spacing(m)	Longest part(m)	Maximum wind load
Big tent 003003	3	2.7	3.23	3	3	80km/h
Big tent 004003	4	2.7	3.41	3	3	80km/h
Big tent 005003	5	2.7	3.59	3	3	80km/h
Big tent 006003	6	2.7	3.78	3	3.17	80km/h
Big tent 008003	8	2.7	4.2	3	4.35	80km/h
Big tent 010003	10	2.7	4.53	3	5.36	80km/h
Big tent 012003	12	2.7	4.87	3	6.35	80km/h

- Frame struss:** hard pressed extruded aluminium 6061/T6(15HW) which can last more than 20 years.
- Fabric cover:** high quality double PVC-coated polyester textile, 100% waterproof, flame retardant to DIN4102 B1, M2, CFM, UV resistant, tear resistant, self-cleaning ability, etc.
- Connector:** strong hot-dip galvanized steel
- Allowed temperature condition:** -30 degree Celsius~+70 degree Celsius
- Wind load:** max. 100km/h (can be reinforced)
- Snow load:** 75kg/sqm (snow can't stay if use big degree roof pitch design)
- Easy to be assembled and dismantled, movable.
- No pole inside, 100% available interior space.

#### FAQ:

##### What is a Sun Canopy Tent?

A sun canopy tent is a type of portable shelter designed to provide shade and protection from the sun's harmful UV rays. It typically consists of a canopy fabric supported by a frame structure, offering a shaded area for outdoor activities.

##### What are the Benefits of Using a Sun Canopy Tent?

- Sun canopy tents offer several benefits, including:
  - Protection from the sun: Provides shade to prevent sunburn and heat exhaustion during outdoor activities.
  - UV protection: Blocks harmful UV rays, reducing the risk of skin damage and skin cancer.
  - Versatility: Can be used for various outdoor events and activities, such as picnics, beach outings, camping trips, sporting events, and backyard gatherings.

**Portability:** Lightweight and easy to transport, making them ideal for on-the-go use.  
**Quick setup:** Can be assembled and disassembled quickly without the need for specialized tools or equipment.  
**Adjustable:** Many sun canopy tents feature adjustable height and tilt angles to customize the amount of shade provided.

#### **What Materials are Sun Canopy Tents Made Of?**

Sun canopy tents are typically made of durable materials such as polyester or polyethylene fabric for the canopy, and steel or aluminum for the frame structure. The canopy fabric is often treated to be water-resistant, UV-resistant, and flame-retardant for added durability and safety.

#### **How Do I Set Up a Sun Canopy Tent?**

Setting up a sun canopy tent is usually a straightforward process:  
Lay out the tent fabric and frame components.  
Assemble the frame according to the manufacturer's instructions.  
Attach the canopy fabric to the frame, securing it in place with straps or fasteners.  
Adjust the height and tilt angle of the canopy as needed.  
Secure the tent to the ground using stakes or weights to prevent it from being blown away by the wind.

#### **Can Sun Canopy Tents Be Used in Windy Conditions?**

While sun canopy tents can provide shade and protection from the sun, they may not be suitable for use in strong winds or severe weather conditions. It's essential to secure the tent properly and avoid using it in windy conditions to prevent damage or accidents.

#### **Are Sun Canopy Tents Waterproof?**

While many sun canopy tents are designed to provide shade and UV protection, they may not be fully waterproof. Some models may feature water-resistant canopy fabric, but they may not be suitable for use in heavy rain or prolonged exposure to moisture.

#### **Can I Use a Sun Canopy Tent at the Beach?**

Yes, sun canopy tents are popular for use at the beach to provide shade and shelter from the sun. However, it's essential to check local beach regulations regarding tent usage and anchoring requirements to ensure compliance and prevent damage to the environment.

#### **How Do I Clean and Maintain a Sun Canopy Tent?**

To clean and maintain a sun canopy tent, follow these tips:  
Regularly brush off dirt and debris from the canopy fabric.  
Spot clean any stains or spills using mild soap and water.  
Allow the tent to air dry completely before storing it.  
Store the tent in a cool, dry place away from direct sunlight to prevent mold and mildew growth.
