Product Description

Large Water-Proof Aluminium Commercial Exhibition Marquee Tent For Party Wedding Event For Sale

Description :

The main **frame** is reinforced with high-strength aluminum alloy, which can resist high winds up to level 12, and the slope design of the curved column makes the snow easy to slide off, so that the tent has better snow load performance.

The **structure** of the hangar adopts a modular design, which can be easily and quickly built, dismantled and moved, and can also be reused many times, with a service life of up to 20 years. Moreover, the hangar tent can also be adjusted according to different models. The hangar tent has a high-efficiency energy-saving thermal insulation system. The hangar tent will also be equipped with lights, gates, exhaust windows and other complete equipment. In addition to the aircraft parking space, it can also be used as a maintenance center for military aircraft.
