Here's a breakdown of its components and characteristics:

Frame: Typically made of aluminum or steel, the frame provides structural support for the tent. It is designed to be sturdy yet lightweight for easy setup and transport.

White PVC Fabric: The tent's canopy and sidewalls are made of white PVC fabric, which is durable, waterproof, and UV-resistant. This material ensures protection from the elements, such as rain, sun, and wind, creating a comfortable environment for guests.

Windows: The inclusion of transparent windows in the tent walls allows natural light to enter the interior, creating a bright and airy atmosphere. The windows also offer guests a view of the surrounding outdoor scenery.

Size Options: White PVC with Windows Party Event Tents comes in various sizes to accommodate different guest counts and event requirements. They can range from small and intimate to large and spacious, depending on the size of the gathering.

Customization: These tents often offer customization options such as the addition of sidewalls (solid or clear), flooring, lighting, heating or cooling systems, and interior decor to suit the specific needs and preferences of the event.

Portability: Despite their size, these tents are designed to be portable and easy to transport. They can be assembled and disassembled relatively quickly, making them suitable for temporary events held in different locations.

Versatility: White PVC with Windows Party Event Tents are versatile structures suitable for various occasions, including weddings, corporate events, festivals, trade shows, exhibitions, and more. They provide a flexible and adaptable space for hosting different types of gatherings.

Safety Features: These tents are designed with safety in mind, incorporating features such as secure anchoring systems, fire-retardant materials, and sturdy construction to ensure the safety of guests and event attendees.

FAQ:

1)Q: Are you a factory or trading company?

A: We are a professional tent factory. So we can offer you a competitive price and a fast delivery time, can also control the quality well and supply constantly to ensure the quantity.

2)Q: What is the life span of your tents?

A: Life span of the aluminium is 15-20 years, PVC fabric is 5-6 years. Good discount will be given you to get a new fabric from us after 5-6 years.

3)Q: How to assemble your tents?

A: We will provide the manual and video for you to study. If you need, we can send a technician to help you in your country. Our tents can be assembled and dismantled easily and repeatedly with small transportation size.

4)Q: How to choose the size of the tent?

A: The size depends on how many people you want to stand, sit or have dinner in this tent. And the size also depends on the land space you will put up this tent. Normally, we advise 1-1.5sq.m/person.

5)Q: What is the warranty and safety of your tents?

A: Our tent is made by European standards and we own the CE/SGS quality management system certificate. Besides, we can design your tents with the emergency door and exit & panic lights to make sure the safety when have an emergency situation.

6)Can you print our logos on the tent?

A: Yes. Customized logos can be printed on the tent fabric according to your requirements.
