

Outdoor Customized Aluminum Frame A Shape White Waterproof Tents For Trade Show ,Wedding,Etc

Our Product Introduction

Basic Information

- Place of Origin: Guangdong
- Brand Name: Tendars
- Certification: ISO9001, SGS, Coc, CE
- Model Number: Big tent
- Minimum Order Quantity: 25 square meters
- Price: Reconsideration
- Packaging Details: 1, The aluminium frame structure packed into the bubble film 2, the pvc fabric roof cover and sidewalls are packed into the PVC fabric carry bag; 3, Hardware packed into the box.
- Delivery Time: 18days or To be negotiated
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 50000 Square Meters per Month

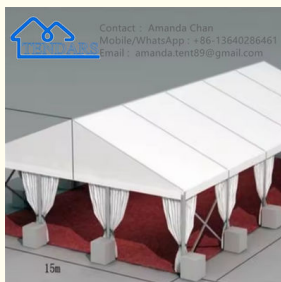

Product Specification

- Product Name: Waterproof Tents For Wedding
- Size&Color: Customized
- Usage: Advertising Display
- Application: Storage/Event/Exhibition/Church/Wedding/Ce
- Feature: UV Resistance, Fire And Temperature Resistance
- Frame Material: Aluminum Alloy
- Cover Material: Double PVC-Coated Polyester
- Side Wall: Glass Wall/Soft PVC Wall/ABS Wall
- Highlight: Trade Show Waterproof Tents, Customized Aluminum Frame Waterproof Tents, Outdoor Waterproof Tents

Product Description

Outdoor Customized Aluminum Frame A Shape White Waterproof Tents For Trade Show ,Wedding,Etc

Product Specification:

A frame tent, the widths are from 3 meters to 60 meters with fully modular design, allowing them to be extended to unlimited lengths in increments of 3 meters or 5 meters. And there are massive optional accessories, including wooden flooring system, glass walls, solid ABS walls, soft PVC sidewalls with clear windows, glass doors, door canopies, rain gutters, roof linings and walls drapes, ramps, racks, etc.

Name	Side Height/m	Top Height/m	Frame Size/mm	Length/m
20m Width	3m	6.25m	112*203*4	Customized
25m Width	4m	8.06m	112*203*4	Customized
30m Width	4m	8.87m	120*254*4	Customized
35m Width	4m	9.76m	120*300*4	Customized
40m Width	5m	11.50m	120*300*5	Customized
45m Width	5m	12.48m	120*350*5	Customized
50m Width	5m	13.12m	120*350*5	Customized
60m Width	5m	14.75m	120*400*5	Customized

Here are the key principles behind the waterproofing of tents for weddings:

Quality Materials: The first principle of waterproof tents is the use of high-quality materials that are inherently water-resistant or treated to become waterproof. The fabric used for the tent canopy is typically made from materials such as vinyl-coated polyester, PVC (polyvinyl chloride), or treated canvas. These materials are durable, waterproof, and able to withstand exposure to rain and moisture.

Seam Sealing: The seams of the tent canopy are potential weak points where water can penetrate. To prevent leakage, manufacturers use techniques such as heat sealing or seam sealing tape to reinforce and waterproof the seams. This ensures that water cannot seep through the stitching and compromise the integrity of the tent.

Weatherproof Coatings: Many waterproof tents are treated with weatherproof coatings or finishes to enhance their water resistance. These coatings add an extra layer of protection to the tent fabric, repelling water and preventing it from soaking through. Additionally, these coatings may also provide UV protection to prolong the lifespan of the tent fabric.

Tension and Tautness: Proper tensioning and tautness of the tent fabric are essential for waterproofing. When set up correctly, the tent fabric should be stretched taut over the frame, preventing water from pooling or collecting on the surface. This helps to ensure that rainwater runs off the tent smoothly without accumulating and causing potential leaks.

Flaps and Overhangs: Waterproof tents often feature flaps or overhangs at the edges of the canopy to provide additional protection against rain. These features help to divert water away from the sides of the tent, preventing water from dripping or running down the walls and entering the interior.

Integrated Flooring Systems: Some waterproof tents come with integrated flooring systems or optional flooring accessories to further enhance protection from moisture. The flooring may be made from waterproof materials such as vinyl or plastic, providing a barrier between the ground and the interior of the tent to keep guests dry and comfortable.

FAQ :

1. Who are we?

We are factory,based in Guangdong, China.

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final Inspection before shipment;

3.What can you buy from us?

Wedding Party Tent,Warehouse Tent,Outdoor Events Tent,Arcum Tent.

4. What services can we provide?

Accepted Delivery Terms: FOB,CFR,CIF,EXW,DDP,DDU ;

Accepted Payment Currency:USD,EUR,CAD,AUD,HKD,CNY;

Accepted Payment Type: T/T,L/C,Western Union,Cash;

Language Spoken:English,Chinese
