Here are some key characteristics of a white tent wedding reception:

Tent Structure: The tent used for a white tent wedding reception typically features a white canopy supported by a frame or poles. The canopy may be made of fabric materials such as polyester, vinyl, or canvas, and it is designed to provide shelter from the elements while allowing natural light to enter the space.

Clean and Classic Aesthetic: White tent wedding receptions have a clean and classic aesthetic that complements a wide range of wedding themes and decor styles. The white color scheme creates a neutral backdrop that allows couples to incorporate their chosen colors, decorations, and personal touches into the space.

Versatility: White tent wedding receptions offer versatility in terms of layout, design, and customization options. Couples can personalize the interior of the tent with lighting, drapery, floral arrangements, and furnishings to create a unique and inviting atmosphere that reflects their vision for their special day.

Outdoor Setting: White tent wedding receptions are typically held in outdoor locations such as gardens, parks, beaches, or private properties. These outdoor settings provide a picturesque backdrop for exchanging vows, dining, dancing, and celebrating with family and friends.

FAQ :

Q1. You are manufacture factory or trading company?

We are manufacture factory. And you are welcomed to visit us at any time. The quality control flow and sales team will show you our professionalism. Also you will can get best and most competitive price after visiting us.

Q2. Is your price competitive compared with other companies?

Our business objectives are to give the best price with same quality and best quality with the same price. We will do everything we can to reduce your cost and guarantee you get the best product that you paid for.

Q3: Can you print our logos on event tent for sale?

Yes. Customized logos can be printed on the tent fabric.

Q4: Is your tent strong and stable enough?How about the wind loading?

Yes. The main frameworks (upright support and roof beam) are manufactured with high impact extruded anodized aluminum (6061/T6), so our tent structure is safe and strong enough to resist wind up to 100 km/hr.

Q5. Do you accept container loading inspection?

You are welcomed to send an inspector, not only for the container loading, but any time during the production time.

Q6. Does your tent be able to installed repeatedly?

What is the life span? Sure, our tents can be assembled and dismantled easily and repeatedly with small transportation size. The lifespan of aluminium framework can reach 15-20 years, and 5-8 years for PVC fabrics depending on different conditions of usage.

Q7: How long is the warranty period?

Guarantee is one year. During the warranty period, we shall repair or replace the damaged part accordingly because of any damage due to quality problem.

Q8: How is the quality of the product guaranteed?

Our products will be strictly tested by the quality inspection department before leaving the factory, and each product will be strictly controlled to ensure product quality.
