15x30	4	166x88x3	450
20x30	4	112x203x4	600
30x50	4	112x203x4	1500

#### Details:

#### Here are some common features you might find in outside storage tents:

**Weather Resistance:** These tents are typically made from durable materials like polyethylene or PVC, which are resistant to rain, wind, and UV rays, ensuring your stored items remain protected from the elements.

**Sturdy Frame:** Most outside storage tents have a robust frame made from materials like steel or aluminum, providing stability and support to the structure.

**Easy Assembly:** Many models come with simple assembly instructions and require no specialized tools, making setup quick and hassle-free.

**Size Options:** Outside storage tents come in various sizes to accommodate different storage needs, from small garden tools to larger equipment like lawn mowers or bicycles.

**Ventilation:** Some tents feature ventilation options such as windows or vents to prevent moisture buildup and keep the interior environment dry.

**Security Features:** Certain models may include features like lockable doors or zippered closures to secure your stored items and protect them from theft or unauthorized access.

**Portability:** Many outside storage tents are designed to be portable, allowing you to easily move them to different locations in your yard or property as needed.

**Customization Options:** Depending on the manufacturer, you may have options for customization, such as adding shelves, hooks, or other organizational accessories to optimize storage space.

**FAQ :**

**1. Can you print our logos on the tent?**

Yes. Customized logos can be printed on the tent fabric according to your requirements.

**2. What is the delivery time?**

In general, about 7-15 working days. If your order is large or customized, the lead time may need more time.

**3. Is your tent strong and stable enough? How about the wind loading?**

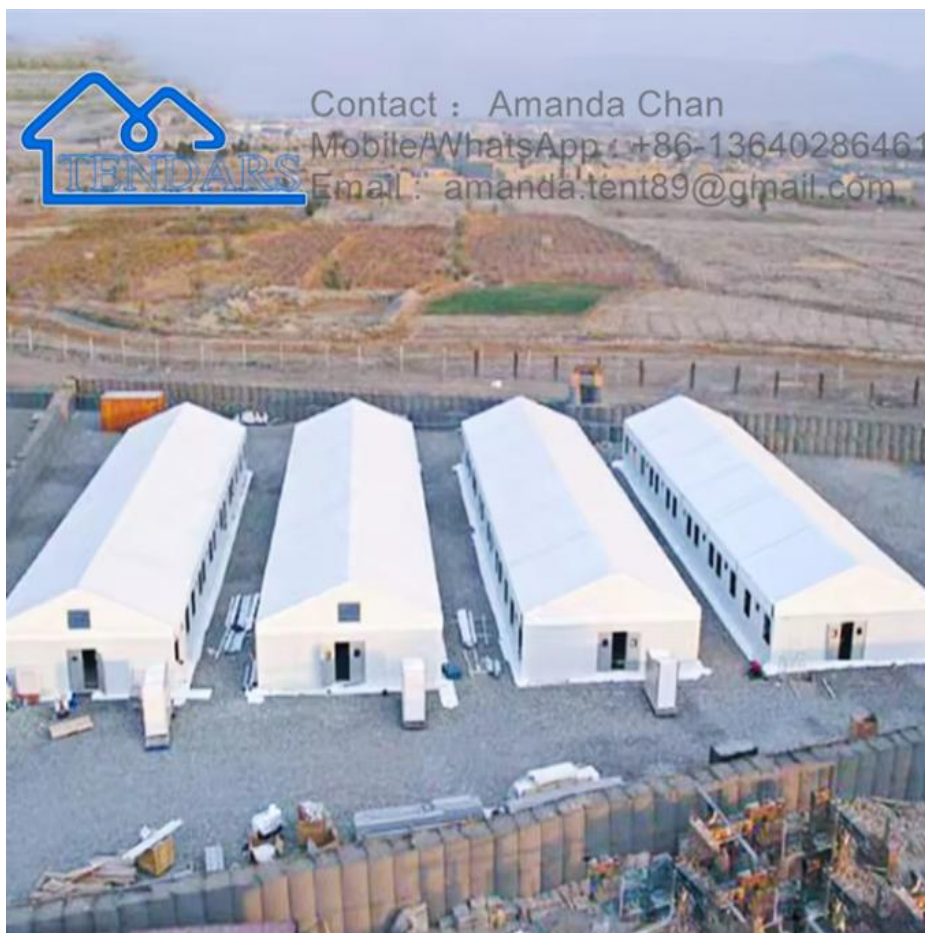

Yes, it can resist wind up to 100 km/hr, if the wind or snow is very very heavy, please tell us and we will strengthen the tent to keep you safe!

**4. Does your tent be able to be installed repeatedly? What is the life span?**

Our tents can be assembled and dismantled easily and repeatedly with small transportation size. The lifespan of aluminum framework can reach 8-10 years, and 4-6 years for PVC fabrics depending on different conditions of usage.

**5. What documents are available?**

A full range of documents including structural drawings, packing list, installation manual and relative certificates can be provided. Moreover, customs declaration is provided. We provide one-stop service for you.
