25m	≈55 people	≈110 people	≈165 people	≈220 people

Here's an overview of the introduction of warehouse storage tents:

Innovative Design: Warehouse storage tents are ingeniously designed to provide ample storage space while maintaining portability and ease of assembly. Their modular design allows for customization, making them adaptable to various storage needs and environments.

Cost-Effective Solution: One of the key advantages of warehouse storage tents is their affordability compared to permanent warehouse structures. They require minimal upfront investment and have lower ongoing maintenance costs, making them an attractive option for businesses looking to optimize their storage expenses.

Quick Installation: Unlike traditional warehouse construction, which can be time-consuming and labor-intensive, warehouse storage tents can be installed relatively quickly. This rapid deployment allows businesses to address their storage needs promptly, minimizing downtime and disruptions to operations.

Portability and Flexibility: Warehouse storage tents are designed to be portable, allowing businesses to easily relocate them as needed. This flexibility is particularly advantageous for temporary storage solutions or businesses that frequently change locations.

Weather Resistance: High-quality warehouse storage tents are constructed from durable materials that offer protection against harsh weather conditions, ensuring the safety and integrity of stored goods and equipment.

Why choose us?

1. The tent has a variety of uses, can be used for storage, industrial, events, sport areas...
2. According to the different functions of the tents, provided size, color and fittings customization
3. Providing customers with design renderings
4. For customers who need to expand the old tent, the design scheme and renderings of the expansion can be provided
5. High quality tarpaulin dirt-proof, water-resistant and flame-resistant
6. Short delivery time
7. Many years of professional production experience, participated in ten thousands of domestic and foreign projects

FAQ :

1. Are you a trading company or manufacturer?

We are manufacturer, so we can give you competitive prices.

2. What about your MOQ - minimum order quantity ?

1 SET

3. Can you customized?

Yes, please offer your drawing with technical requirements.

4.Do you Accept OEM service?

YES!

5.What's your Delivery Time?

15-30 days, please confirm with us before order!

6.How you pack products?

Aluminum frame packed in air bubble film, roof and sidewall in professional PVC carry bag.
