## Product Description

### Custom Heavy Duty Aluminum Alloy Event Party Tents Storage Outdoor Warehouse Tents For Sale

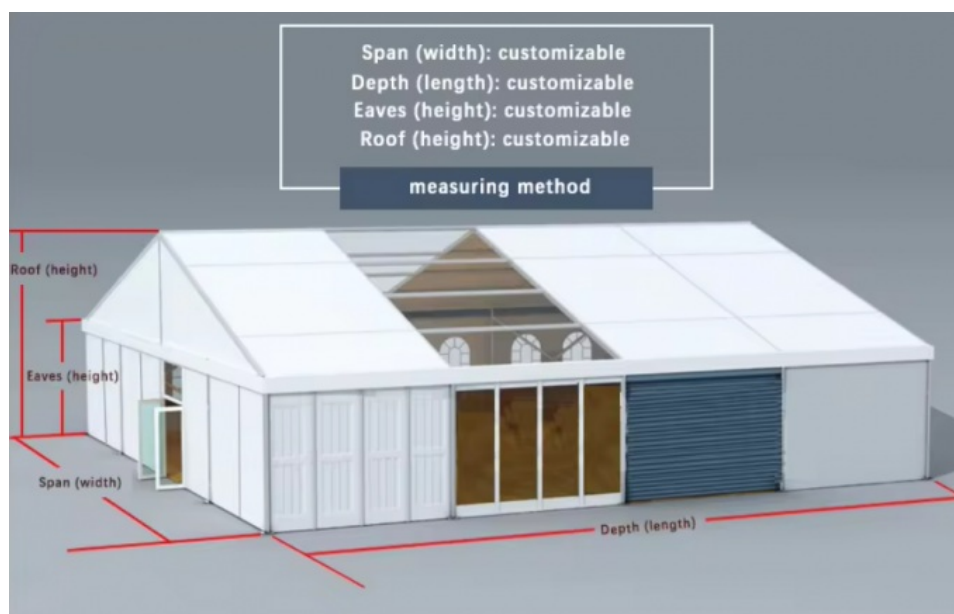

#### Description :

Product Name	Storage Outdoor Warehouse Tents	Features	Water proof, UV resistance, fire retardant
Main frame	Hard pressed Aluminum Alloy	Fabric color option	White, gray, transparent or customized
Surface treat method	Hot dip galvanized	Wind load	Guangdong Province, China
Fabric	850g/sqm PVC coated polyester fabric	Sidewall fabric	650g/sqm PVC coated polyester fabric

#### Details:

##### Materials of the tent

- 1) **Frame structure:** Hard pressed extruded aluminium 6061 /T6(15HW) which can last 15 to 25 years.
- 2) **Fabric cover:** High quality double PVC-coated polyester textile, 100% waterproof, flame retardant to DIN4102 B1, M2, CFM, UV resistant, tear resistant, self-cleaning ability, etc.
- 3) **Connector:** Strong hot-DIP galvanized steel

##### Structural system

The main material is aluminum alloy profile 6061-T6. The support between the columns is reinforced with diagonal steel tubes. The length distance between the columns can be divided into 5 meters or 3 meters indefinitely. The overall structure has passed the wind test of a professional institution. The maximum allowable wind speed is DIN EN 13782: 100 km / h (0.50kN / m).

##### Roofing system

The roof is made of excellent double-sided PVC coated synthetic fiber cloth material. The tarpaulin has strong anti-corrosion, anti-mildew, anti-ultraviolet and flame retardant properties, and the flame retardancy is in accordance with DIN 4102 B1, M2; BS7837 / 5438; American NFPA70, etc. have reached international standards. The longest service life of tarpaulin is 10 years.

##### Base System

The tents have no special requirements for the construction site, and generally flat grounds such as sand, grass, asphalt, cement and tile floors can be safely used. It is suitable for rapid installation or disassembly in different environments. It has good flexibility and safety. It can be widely used in outdoor activities, commercial exhibitions, festivals, catering and entertainment, industrial storage, sports venues and so on.

#### FAQ :

1. what can you buy from us?

Tent,wedding tent,party tent,aluminium gazebo,pagoda, stage,lighting trusses

## **2.I like your product,but how to install it?**

Usually three ways to settle this issue,①we will send you the installation manual;②you can send your people to our factory to learn the installing skills; ③we arrange the technician to your site to guide the installation.

## **3. why choose us?**

Our company has been in this field for many years.

So our products are definitely safe and good in quality but the price is at the low level.

## **4.What are outdoor warehouse storage tents?**

Outdoor warehouse storage tents are temporary structures designed to provide shelter and protection for various items and equipment stored outdoors. They are typically made of durable materials and come in various sizes to accommodate different storage needs.

## **5.What are the advantages of using outdoor warehouse storage tents?**

Outdoor warehouse storage tents offer several advantages, including cost-effectiveness, quick installation, portability, weather resistance, versatility, scalability, and compliance with safety standards.

## **6.How durable are outdoor warehouse storage tents?**

The durability of outdoor warehouse storage tents depends on factors such as the quality of materials used, the design of the structure, and proper installation. High-quality tents made from robust materials like steel or aluminum frames and heavy-duty fabric covers can withstand harsh weather conditions and provide long-lasting durability.

## **7.Are outdoor warehouse storage tents easy to assemble?**

Yes, outdoor warehouse storage tents are typically designed for easy assembly, often requiring no specialized tools. Many models come with straightforward assembly instructions, and some even feature a modular design for added convenience.
