Temperature Index	-30 Degree Celsius to +70 Degree Celsius
Life Time	Aluminum frame more than 15 Years. PVC fabric 5-10 years
Certification	ISO9001, SGS,Coc, CE

#### Details:

#### Here's an overview of the introduction of industrial storage warehouse tents:

**Cost-Effectiveness:** Industrial storage warehouse tents provide a cost-effective alternative to permanent warehouse structures. They require lower upfront investment and have reduced ongoing maintenance costs, making them an attractive option for businesses looking to optimize their storage expenses.

**Quick Deployment:** Unlike traditional warehouse construction, which can take months or even years to complete, industrial storage warehouse tents can be installed relatively quickly. This rapid deployment allows businesses to address their storage needs promptly, minimizing downtime and disruptions to operations.

**Scalability:** Industrial storage warehouse tents are modular in design, allowing for easy expansion or modification to accommodate changing storage requirements. Additional sections can be added to increase capacity, providing businesses with scalability as their storage needs grow.

**Portability:** Industrial storage warehouse tents are typically designed to be portable, allowing for easy relocation as needed. This flexibility is

beneficial for businesses that may need to move their storage facilities or adjust their layout over time.

**Versatility:** Industrial storage warehouse tents are highly versatile and can be used for various applications beyond storage, such as temporary workshops, manufacturing facilities, or even as event venues. This versatility makes them a valuable asset for businesses with diverse needs.

**FAQ :**

**Q1. You are manufacture factory or trading company?**

We are manufacture factory. And you are welcomed to visit us at any time. The quality control flow and sales team will show you our professionalism. Also you will can get best and most competitive price after visiting us.

**Q2. Is your price competitive compared with other companies?**

Our business objectives are to give the best price with same quality and best quality with the same price. We will do everything we can to reduce your cost and guarantee you get the best product that you paid for.

**Q3: Can you print our logos on event tent for sale?**

Yes. Customized logos can be printed on the tent fabric.

**Q4: Is your tent strong and stable enough? How about the wind loading?**

Yes. The main frameworks (upright support and roof beam) are manufactured with high impact extruded anodized aluminum (6061/T6), so our tent structure is safe and strong enough to resist wind up to 100 km/hr.

**Q5. Do you accept container loading inspection?**

You are welcomed to send an inspector, not only for the container loading, but any time during the production time.

**Q6. Does your tent be able to installed repeatedly?**

What is the life span? Sure, our tents can be assembled and dismantled easily and repeatedly with small transportation size. The lifespan of aluminium framework can reach 15-20 years, and 5-8 years for PVC fabrics depending on different conditions of usage.

**Q7: How long is the warranty period?**

Guarantee is one year. During the warranty period, we shall repair or replace the damaged part accordingly because of any damage due to quality problem.

**Q8: How is the quality of the product guaranteed?**

Our products will be strictly tested by the quality inspection department before leaving the factory, and each product will be strictly controlled to ensure product quality.
