Wind Resistance	100km/h
Connectors	Hot-dip galvanized twin plate; expansion bolts to fix tent
Accessories	pegs, wind ropes
Package	Each with a carry bag, then in an outer carton
Wind Resistance	100km/h

Roof Material	850g/sqm black-out white PVC cover
Wall Material	650g/sqm white PVC cover
Feature	High quality PVC-coated polyester textile, 100% waterproof, flame retardant to DIN4102 B1, M2, CFM, UV resistant, tear resistant
Frame Material	Hard Pressed Extruded Aluminum Alloy 6061-T6

#### Principles of Wedding Event Party Tents

**Structural Integrity:** Wedding tents are designed to withstand various weather conditions, ensuring the safety and comfort of guests. They typically feature durable materials such as galvanized steel frames and high-quality, flame-retardant fabrics.

**Customization and Versatility:** These tents can be tailored to fit the specific needs of the event. Options include different sizes, styles (such as pole tents or frame tents), and additional features like clear tops for natural lighting, sidewalls for added protection, and flooring options.

**Weather Protection:** A key function of wedding tents is to provide a weather-resistant environment. They offer protection from rain, wind, and sun, ensuring the event can proceed regardless of the weather.

**Aesthetic Appeal:** Wedding tents are designed to enhance the visual appeal of the event. They often include elegant features like high peaks, draped interiors, and the ability to add decorative lighting and other elements that contribute to the overall ambiance.

**Space Utilization:** With designs that eliminate interior poles (in the case of frame tents), these structures maximize usable space, allowing for flexible layouts that can accommodate stages, dance floors, dining areas, and more.

#### FQA:

**Q: How can i get the price?**

A: We usually quote within 24 hours after we get your inquiry(Except weekend and holidays). If you are very urgent to get the price, please email us or contact us in other ways so that we can offer you a quote.

**Q: Can I buy samples placing orders?**

A: Yes. Please feel free to contact us.

**Q: What is your lead time?**

A: It depends on the order quantity and the season you place the order. Usually we can ship within 7-15 days for small quantity, and about 30 days for large quantity.

**Q: What is your payment term?**

A: T/T, Western Union, L/C, and Paypal. This is negotiable.

**Q: What is the shipping method?**

A: It could be shipped by sea, by air or by express (EMS, UPS, DHL, TNT, FEDEX and ect). Please confirm with us before placing orders.
