Features:

Spacious Design: Marquee tents offer ample space to accommodate guests, furniture, and event activities, making them suitable for large gatherings such as weddings, corporate events, festivals, and parties.

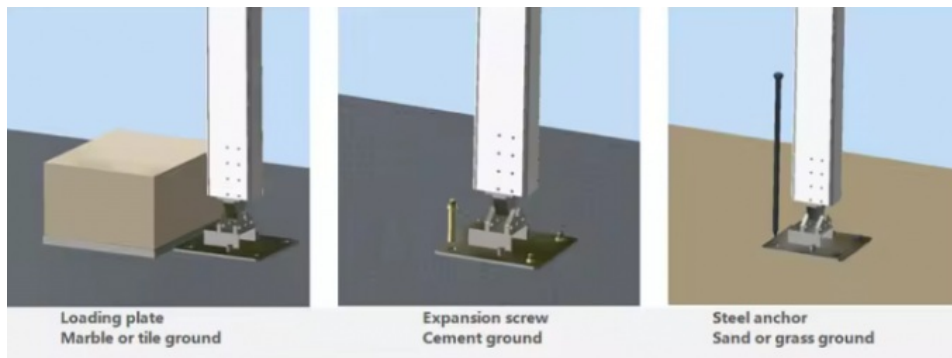

Modular Construction: Many marquee tents are modular, allowing for flexible configurations to suit different event layouts and capacities. They can be expanded or contracted as needed, offering versatility for various event sizes and setups.

Weather Resistance: Marquee tents are often made from durable materials such as PVC or polyester fabric with waterproof coatings, providing protection from rain, wind, and UV rays. Some tents may also feature reinforced seams and storm flaps for added weather resistance.

Sturdy Frame: The frame of a marquee tent is typically constructed from high-quality materials such as aluminum or steel, providing stability and strength to withstand outdoor elements and ensure the tent's structural integrity.

Easy Setup: Many marquee tents feature a modular or pop-up design that allows for quick and easy setup without the need for specialized tools or equipment. This makes them ideal for temporary events and venues where rapid deployment is required.

Fixing methods:

FQA:

Q1:How can I calculate the tent size I need?

A1:You must first determine tent usage ,if the tent with tables and chairs in it,one person need 1.2 square meters,if the without table and chair,one person need 1 square meter.

Q2:Does Tendars Tent provide any help to install the tent?

A2:Yes,usually we will send Assembly Instructions to help you installation,if customer need our engineer come to their country to help install,that is also workable.

Q 3: How long of the production?

A3:Our normal production time is 10-15 days, which is based on the square of Marquee tent.If the actual tent will use more sandwich walls or glass walls, The customization time for these accessories materials takes 20-25 days, Urgent order production time can be specially arranged.

Q4: What documents are available?

A4:A full range documents including structural drawings,packing list,installation manual and relative certificates can be provided.Moreover,customs declaration is provided.We provide one-stop service for you.

Q5: How long is the warranty period?

A5: Guarantee one year. During the warranty period, we shall repair or replace the damaged part accordingly because of any damage due to quality problem.
