10m/33ft	5m/16ft	26x1.8mm
15m/49ft	7.5m/ft	32x2.0mm
20m/66ft	10m/33ft	42x2.0mm
30m/98ft	15m/49ft	48x2.5mm

The features of a star gazing small PVC geodesic dome tent typically include:

360-Degree Views: Geodesic dome tents offer unobstructed views of the surrounding environment, allowing for immersive star gazing experiences from the comfort of the tent.

Durable PVC Construction: The tent is made from high-quality PVC material, which is durable, waterproof, and resistant to UV rays, ensuring long-lasting performance in outdoor environments.

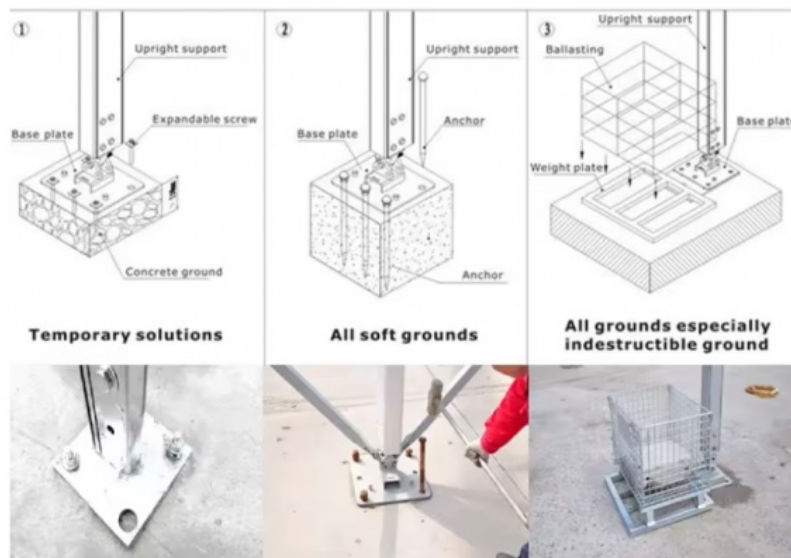

Geodesic Dome Design: The geodesic dome structure provides exceptional stability and strength, making the tent resistant to wind, snow, and other adverse weather conditions. It also offers ample headroom and interior space for comfortable accommodation.

Transparent Panels: Some star gazing dome tents feature transparent panels or windows made from clear PVC or other materials, allowing occupants to enjoy panoramic views of the night sky while lying inside the tent.

Ventilation: Ventilation vents or windows are integrated into the tent design to promote airflow and reduce condensation buildup inside the tent, ensuring a comfortable sleeping environment for occupants.

Easy Setup: The tent is designed for quick and easy setup, with color-coded poles and intuitive assembly instructions that enable hassle-free installation in outdoor settings.

Fix mathod:

FQA:

Q: Are you a factory or trade company?

We are factory and supply factory price to our agent and customers directly.

Q: Can you print our logos on event tent for sale?

Yes. Customized logos can be printed on the tent fabric.

Q: Is your tent strong and stable enough? How about the wind loading?

Yes. The main frameworks (upright support and roof beam) are manufactured with high impact extruded anodized aluminum (6061/T6), so our tent structure is safe and strong enough to resist wind up to 100 km/hr.

Q: Does your tent be able to installed repeatedly? What is the life span?

Sure, our tents can be assembled and dismantled easily and repeatedly with small transportation size. The lifespan of aluminium framework can reach 15-20 years, and 5-8 years for PVC fabrics depending on different conditions of usage.

Q: How long is the warranty period?

Guarantee is one year. During the warranty period, we shall repair or replace the damaged part accordingly because of any damage due to quality problem.
