Product Description

Large Heavy Duty Commercial Party Tent For Wedding Event Outdoor Wedding

Advantages:

Versatility: Commercial party tents come in various sizes and styles, allowing them to accommodate different numbers of guests and event layouts. They can be customized with sidewalls, flooring options, lighting, and décor to create the desired ambiance for any occasion, from weddings and parties to corporate events and trade shows.

Weather Protection: One of the primary advantages of commercial party tents is their ability to provide shelter from the elements. They offer protection against sun, rain, wind, and even mild snow depending on their design and construction. This makes them suitable for use throughout the year and in different climates.

Quick Installation and Flexibility: Commercial party tents are designed for easy and quick installation compared to permanent structures. They can be set up relatively quickly and can be dismantled and relocated as needed. This flexibility allows for use in various locations and makes them ideal for temporary events.

Cost-Effective: Renting or purchasing a commercial party tent is often more cost-effective than renting indoor event space or constructing a permanent structure. They offer a practical solution for hosting events in locations where permanent venues may be limited or unavailable.

Customization Options: Commercial party tents can be customized to meet specific event requirements. This includes choosing the size, layout, and additional features such as air conditioning, heating, or specialized lighting systems. This customization ensures that the tent meets the functional and aesthetic needs of the event.

Scalability: Whether you are hosting a small intimate gathering or a large-scale event, commercial party tents can be scaled up or down to accommodate varying guest counts and event sizes. They can also be interconnected or combined to create larger spaces if needed.

FQA:

Q1: WHERE IS YOUR FACTORY? Room 319, No.128, Hanxing East Road, Zhongcun, Panyu district, Guangzhou city, Guangdong, China.

Q2: HOW TO GET A PRICE? Please send us an inquiry with your demanding details, including the size, or quantity of people to accommodate, with/without wall fabrics etc.

Q3: IS THAT FACTORY PRICE? Yes, we assure all the prices are based on factory.

Q4: HOW TO CHOOSE THE SUITABLE SIZE? (TENT FOR WEDDING PARTIES) The tent size depends on the quantity of people to accommodate. Normally, if tables and chairs are included, we suggest 1-1.2 square meters for each person. Chairs only, 1 square meter for each person; if no chairs and tables, 0.6-0.8 square meters for each one.

Q5: WHAT'S THE LIFE SPAN OF THE TENT? IS YOUR TENT STRONG AND STABLE ENOUGH? The tent aluminum structure can be used over 15 years, fabric is about 5 years under well condition. The structure are manufactured with high impact extruded anodized aluminum, so it's safe and strong enough to against bad weather condition.

Q6: CAN I CHANGE THE TENT LENGTH? Yes, the tent can be decreased or extended freely. Take 20x30m tent for example, it can be used as 20x20m tent or extended to 20x50m tent with some extra parts.
