Product Name	Camping House Tent	Size	On Your Request
Color	white/red/grey etc.	Application	Hotel/Resort etc.
Cover Material	PVDF Building Membrane	Frame Material	GB Q235 Steel
Connector	Strong hot-dip galvanized steel	Wind load	Max. 120km/h (can be reinforced)
Snow load	100kg/sqm	Temperature Resistance	-30°C - +70°C
Tear Strength	520-580N(DIN53363)	Tensile Strength	5000-5500N(DIN53354)

Our Service

High quality products,excellent construction team and perfect after-sales service will help every customer have a great purchase experience.

Excellent quality technical innovation and customer satisfaction are always pursued as we look forward to building long term cooperation with clients from all over the world.Sincerely welcome the new and old clients to cooperate with us !

1)Customization service.

We are professional OEM /ODM. We can surely help you design as long as you tell us your specific requirements.

2)Excellent quality control.

All products will be tested and trial installed before shipping by our skilled engineers.

3)Efficient cooperation.

Your inquiry will be replied within 12 hours.Our prompt responsible and helpful reply will ensure your happy purchasing.

4)Great after service.

Warranty 2 years, If the structure is damaged by quality, we will replace the new accessories or send engineers to repair it.

FQA:

Q1:Is your product strong and stable enough? How about the wind loading?

Yes, steel structure and cover wind resistance and load bearing is calculated by professional software and experienced engineer team , will be more than we planned 50%.The wind load at least more than 120km/h.

Q2:What's the material of the cover,can it last long time?

The cover material is PVDF or PTFE.PVDF can last more than 15-20 years.PTFE can last more than 30 years.It have fabric inside,so it very strong,not easy to be torn.

Q3:What is the total price include freight?

The total price is based on the design of the product and the requirements of the customer, all subject to the final calculation.

Q4:When will you ship the orders?

Once the design of product is confirmed, we will arrange production plan, and inform you of the leadtime, generally it takes about 20-30 working days.
