Product Description

Outdoor Luxury Eco Resort Hotel Tent Membrane Structure House With Bathroom

Significant advantages:

It allows guests to maximize their closeness to nature, breathe fresh air, enjoy the surrounding beauty, such as mountains, forests, lakes, etc., and obtain a unique immersive nature experience. It can be flexibly constructed according to different natural environments and landscapes, and can be easily migrated when necessary, with less impact on the environment. Usually built with environmentally friendly materials, energy consumption is relatively low, in line with the concept of sustainable development, reducing ecological damage. With a wide view, through large Windows or open design, guests can enjoy the charming natural scenery from the interior. It can be customized according to different themes and styles to meet the aesthetic and needs of different guests. Compared to the construction costs of traditional hotels, the construction and maintenance costs of tents may be relatively low, while providing high added value.

FQA:

Q: How much do your eco products cost?

Each product is priced differently and there are a range of options available. In most cases we customise the eco tent to provide you a solution based on your unique idea, needs and climate. We recommend you provide us with a brief on your project so we can tailor a price based on your specific needs.

Q: Do you make custom eco products?

Yes, we do! All our products are based on set modular sizes however there is flexibility with the layout of the product. Windows and doors can be customized to suit your layout and the Eco Tents can be linked together creating larger living spaces. For larger projects, we can also create prototypes as per your project request.

Q: How can you make sure we will receive the product with high quality?

In the processing flow, we have a series of detection machine to control the quality. Before loading, our QC will inspect each shipment and all raw material is according to foodstuff requirement.

Q: How to proceed an order?

Firstly let us know your requirements. Secondly We quote according to your requirements or our suggestions. Thirdly customer confirm the artworks and pay deposit for formal order.
