

Luxury Outdoor Waterproof Camping Hotel Tent Customized Hotel tents For Resort

Our Product Introduction

Basic Information

- Place of Origin: Guangdong
- Brand Name: Tendars
- Certification: ISO9001, SGS, Coc, CE
- Model Number: Truss Frame
- Minimum Order Quantity: 25 square meters
- Price: Reconsideration
- Packaging Details: 1, The aluminium frame structure packed into the bubble film 2, the pvc fabric roof cover and sidewalls are packed into the PVC fabric carry bag; 3, Hardware packed into the box.
- Delivery Time: 18days or To be negotiated
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 50000 Square Meters per Month

Product Specification

- Product Name: Waterproof Camping Hotel Tent
- Membrane Material: PVDF/ PTFE/PVC/ETFE
- Frame Material: Q235 Steel /Q345 Steel
- Color: White Or Customized
- Expiration Date: PvdF For 15 Years,PVFE For 25 Years, ETFE For25 Years
- Size: Customized
- Top Roof Material: Water-proof,sun-proof, UV-proof,rust-proof
- Max Allow Wind Speed: 100km/hour
- Warranty: 2 Years
- Usage: Outdoor
Party,exhibition,event,cenemony,wedding
- Highlight: **Waterproof Camping Hotel Tent,
Customized Hotel tents,
Luxury Outdoor Camping Hotel Tent**

Product Description

Luxury Outdoor Waterproof Camping Hotel Tent Customized Hotel Tents For Resort

Feature of Membrane Structure

- 1)Non-stick, easy release
- 2)Excellent thermal stability with maximum continous use temperature of 260°C / 500F
- 3)PTFE surfaces are unaffected by most chemicals and solvents and are chemically inert
- 4)Easy to clean
- 5)Non-toxic and food compliant
- 6)Very low surface friction and easy slide properties
- 7)Mechanically and dimensionally stable
- 8)Excellent heat transfer which also allows low energy consumption
- 9)Different thicknesses is available
- 10)High tensile strength and tear strength.

Product Description:

1.Flexible Design Aesthetics
Virtually unlimited designs of distinctive elegant forms can be realized because of the unique flexible characteristics of architectural membrane. Also, fewer support columns create more functional, aesthetically pleasing spaces.
2.Outstanding Translucency
In daylight, the membrane's translucency offers soft diffused naturally lit spaces reducing interior lighting costs. At night, the artificial lighting creates an ambient exterior luminescence.
3.Shortened Construction Schedules
Incorporating the most modern construction techniques, large fabricated membrane panels can be installed quickly to shorten installation schedules. Likewise, fabric removal can be accomplished easily.
4.Cost Benefits
Lightweight structures can be a more cost effective solution than traditional building materials offering building owners reduced costs. Materials, such as photo-catalytic membranes, can help prevent temperature rise as well as reduce maintenance costs due to their self-cleaning properties.
5.Long Span Structures
Lightweight membrane is a cost-effective solution that requires less structural steel to support the roof, enabling long spans of column-free space.
6.Earthquake Resistant
Lightweight tensile membrane structures bear less building load than traditional roofing materials and the membrane's elasticity offers further earthquake resistance.

Our Services

1. Many years' experience in tent and truss industry.
2. Customers from more than 150 countries.
3. We are manufacture, can offer you lower price.
4. Professional engineers offer technical support to customers.
5. 24hours online services from our professional foreign trade department.
6. All our raw material is from public company.
7. Our complete QC system can make sure every product with high quality.
8. 2 years after sales service

FQA:

1. Are you a trading company or manufacturer?

We are manufacturer, so we can give you competitive prices.

2. What about your MOQ - minimum order quantity ?

MOQ for different products are different, please check them with us before payment.

3. Can you develop products with our drawing?

Yes, please offer your drawing with technical requirements.

4.Do you Accept OEM service?

YES!

5.What's your Delivery Time?

Normally 15-20 working days, please confirm with us before order!

6.What's the Payment Terms?

30% deposit, balance to be paid before shipment.

7.How you pack products?

Aluminum frame packed in air bubble film, roof and sidewall in professional PVC carry bag, or under your requirements.
