## Product Description

### Outdoor Special Waterproof Oxford Fabric Large Pyramid Tent For Outdoor House

#### Product Description:

Oxford cloth and cotton cloth, texture fabric differences, Oxford cloth is relatively hard, not easy to collapse, the color is beige, while the cotton cloth texture is softer, better plasticity, and the color is khaki, more literary retro breath. The two fabrics of the tent in the waterproof and sunscreen function is the same. 900D Oxford cloth raw material is polyester, with flame retardant properties, 285g cotton cloth raw material is cotton, no flame retardant properties.

\*Diameter 4m/5m/6m tents have multifunctional 10cm holes in the side walls for chimney, air conditioning and electrical wiring, 3m tents do not have any holes. Diameter 5m/6m tent ground is the same height from the center of the chimney hole, please refer to the schematic diagram. Recommended with 6cm diameter chimney pipe.

#### Maintenance and care

I - Keep dry

(1) In case of continuous rainy weather, please make the tent ventilated properly.

(2) When you want to put away the tent, please make sure to dry the tent first, putting away the tent in a humid environment will easily lead to moldy fabric.

1. Keep clean

(1). Clean the stains on the tent in time, such as mud or food crumbs, the stains on the outer surface of the tent can be cleaned with a fine bristle brush, and the stains on the inner surface of the tent can be cleaned with a wet towel, after cleaning, please dry the tent.

Precautions for zipper

(1). After the tent is set up, the zipper will also be subjected to force, when pulling the zipper, if the zipper is stuck, please do not use brute force, check it.

Please don't use brute force, check whether there is something else stuck in the zipper head, and whether the zipper whether the zipper is flat or not.
