#### Details:

#### Features:

**Unique appearance design:** Imitate the shape of the Beetle, showing a round, lovely, unique shape, with a high recognition, can add a different kind of scenery for the campsite, attract the eyes of tourists.

**Spacious interior:** Although it may look relatively small from the outside, the interior space has been carefully designed and properly laid out to provide enough activity and living space for people to relax and move around comfortably in the tent.

**High-quality materials:** The selection of high-quality materials, such as strong aluminum alloy frame, has good support and durability, can resist a certain amount of wind and rain and other natural environmental impact; Tarpaulin may be waterproof, sunscreen, breathable material to ensure comfort and safety in the tent.

**Good lighting and ventilation:** Usually large Windows or transparent material parts, such as transparent domes, are designed to allow natural light to fully shine into the tent room, so that the interior is bright and transparent, but also conducive to ventilation and keep the air fresh.

**Comfortable living configuration:** the interior may be equipped with comfortable beds, soft mattresses, furniture, etc., providing a living experience similar to a hotel room, so that people can enjoy a comfortable sleep and rest environment in the field.

#### FQA:

##### Q 1. Are you factory or trade company?

We are direct factory.

##### Q 2. What is your Payment terms?

T/T is available.

##### Q 3. Is your tent strong and stale enough,How about the wind loading?

Yes, Steel structure and cover wind resistance and load bearing is calculated by professional software and Experienced engineer team , will be more than we planned 50%.The wind load at least more than 120KM/H.

##### Q 4. What's the material of the cover,does it can last long time?

The cover material is PVDF or PTFE.PVDF can last more than 15-20 years.PTFE can last more than 50 years.It have fabric inside,so it very strong ,not easy to be torn.

**Q 5. When will you ship the orders?**

Once the design of tent is confirmed, we will arrange production plan, and inform you of the leadtime, generally it takes about 7-25 working days.

**Q 6. What is the total price include freight?**

The total price is based on the design of the product and the requirements of the customer, all subject to the final calculation.
