

## Glamping Cocoon Tents Waterproof Luxury Hotel Tent New Style House Living Tent

### Our Product Introduction

#### Basic Information

- Place of Origin: Guangdong
- Brand Name: Tendars
- Certification: ISO9001, SGS, Coc, CE
- Model Number: Truss Frame
- Minimum Order Quantity: 25 square meters
- Price: Reconsideration
- Packaging Details: 1, The aluminium frame structure packed into the bubble film 2, the pvc fabric roof cover and sidewalls are packed into the PVC fabric carry bag; 3, Hardware packed into the box.
- Delivery Time: 18days or To be negotiated
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 50000 Square Meters per Month

#### Product Specification

- Product Name: Glamping Cocoon Tents
- Membrane Material: Clamping Cocoon Hotel Tents
- Frame Material: Q235 Steel /Q345 Steel
- Color: White Or Customized
- Expiration Date: PvdF For 15 Years, PVFE For 25 Years, ETFE For 25 Years
- Size: Customized
- Top Roof Material: Water-proof, sun-proof, UV-proof, rust-proof
- Max Allow Wind Speed: 100km/hour
- Warranty Time: 2 Years
- Usage: Outdoor  
Party, exhibition, event, ceremony, wedding
- Highlight: **Luxury Glamping Cocoon Tents,  
Waterproof Glamping Cocoon Tents,  
House Living Glamping Cocoon Tents**

## Product Description

### Glamping Cocoon Tents Waterproof Luxury Hotel Tent New Style House Living Tent

#### Feature of Membrane Structure

- 1)Non-stick, easy release
- 2)Excellent thermal stability with maximum continous use temperature of 260°C / 500F
- 3)PTFE surfaces are unaffected by most chemicals and solvents and are chemically inert
- 4)Easy to clean
- 5)Non-toxic and food compliant
- 6)Very low surface friction and easy slide properties
- 7)Mechanically and dimensionally stable
- 8)Excellent heat transfer which also allows low energy consumption
- 9)Different thicknesses is available
- 10)High tensile strength and tear strength.

#### Product Description:

Product Parameters	
Size:	6m*8m
Frame Material:	Q235 Hot Galvanized Steel Tube With Baking Finish
Cover Material:	850g white pvc coated fabric
Color:	White, Transparent or Customized
Use Life:	10-15 years
Wind Load:	100km/h
Window:	glass window or PVC round window
Snow Load:	75kg/m <sup>2</sup>
Features:	100% waterproof, flame retardent, anti mildew, anti corrosion,UV protection
Temperature:	Can resist temperature from -40°C to 70°C
Accessories:	fixed base, crew and so on

Advantages of Tensile Membrane Structures	
1.Flexible Design Aesthetics	Virtually unlimited designs of distinctive elegant forms can be realized because of the unique flexible characteristics of architectural membrane. Also, fewer support columns create more functional, aesthetically pleasing spaces.
2.Outstanding Translucency	In daylight, the membrane's translucency offers soft diffused naturally lit spaces reducing interior lighting costs. At night, the artificial lighting creates an ambient exterior luminescence.
3.Shortened Construction Schedules	Incorporating the most modern construction techniques, large fabricated membrane panels can be installed quickly to shorten installation schedules. Likewise, fabric removal can be accomplished easily.

4. Cost Benefits
Lightweight structures can be a more cost effective solution than traditional building materials offering building owners reduced costs. Materials, such as photo-catalytic membranes, can help prevent temperature rise as well as reduce maintenance costs due to their self-cleaning properties.
5. Long Span Structures
Lightweight membrane is a cost-effective solution that requires less structural steel to support the roof, enabling long spans of column-free space.
6. Earthquake Resistant
Lightweight tensile membrane structures bear less building load than traditional roofing materials and the membrane's elasticity offers further earthquake resistance.

## Our Services

1. 8-year's experience in tent and truss industry.
2. Customers from more than 150 countries.
3. We are manufacture, can offer you lower price.
4. Professional engineers offer technical support to customers.
5. 24hours online services from our professional foreign trade department.
6. All our raw material is from public company.
7. Our complete QC system can make sure every product with high quality.
8. 2 years after sales service
