Product Description

Custom Size Configuration Modular Party Marquee Tent

Our tendars tent is a premium modular party marquee tent engineered with fully customizable size configuration to meet diverse event requirements. Its expandable modular design allows width adjustment from **3 meters to 12 meters**, with length extendable up to 30 meters in 3-meter bay increments, giving you complete freedom to create the exact footprint your venue demands.

Key Features

- **Custom Width Configuration:** Modular bay system supports 3m, 6m, 9m, and 12m width options, configurable to your space requirements
- **Expandable Length:** Add or remove 3m bay sections to achieve any length up to 30m
- **6061-T6 Aluminum Frame:** Lightweight yet high-strength extruded aluminum alloy with hard anodized finish for corrosion resistance
- **850gsm PVC Roof Cover:** Heavy-duty laminated PVC polyester fabric with UV stabilization, double-stitched seams, and welded joints
- **Waterproof & Weather-Resistant:** Exceeds 2000mm water column rating, withstands wind speeds up to 80 km/h
- **Quick Assembly:** Slip-fit connector system eliminates specialized tools, 2-3 person setup in under 2 hours
- **Custom Color Options:** Available in white, blue, red, or fully customized colors with logo printing

Custom Size Configuration Process

1. **Consultation:** Share your venue dimensions and event type with our team
2. **Design Proposal:** Receive a CAD layout showing exact bay configuration and footprint
3. **Production:** Your custom-sized frame sections and covers are manufactured to order
4. **Quality Check:** Full pre-assembly inspection before packing
5. **Delivery:** Shipped with detailed assembly guide and labeled components

Applications

Perfect for outdoor weddings, corporate events, trade shows, garden parties, exhibition booths, and temporary retail spaces. The modular design allows reconfiguration for different events, maximizing your investment.
