

12x30m Pagoda Style M Series Clear Span A-Frame Marquee Party Tent Waterproof High Peak Pagoda Banquet Catering Event

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: TENDARS
- Certification: ISO 9001:2015, DIN4102 B1, TUV Certified
- Model Number: PM-M-12x30m
- Minimum Order Quantity: 1 Set
- Price: USD 47-114 / Square Meter
- Packaging Details: PVC fabric folded in heavy-duty woven bags, aluminum profiles bundled with protective film, packed in export-grade plywood crates
- Delivery Time: 7-15 working days after deposit
- Payment Terms: T/T, L/C, Western Union
- Supply Ability: 10000 Square Meters per Month

Product Specification

- Frame Material: 6061/T6 Hard Pressed Extruded Aluminum Alloy
- Roof Cover: 850g/m² Double PVC Coated Polyester Fabric
- Sidewall Material: Multi-spire Pagoda Design
- Span Width: 12m
- Length: 30m
- Eave Height: 4.0m
- Ridge Height: 6.5m
- Wind Load: 100 Km/h (EN 13782 Standard)
- Snow Load: 0.5 KN/m²
- Flame Retardant: DIN4102 B1 / M2 Certified
- UV Resistance: UV Stabilized PVC Coating
- Temperature Range: -30°C To +70°C
- Bay Distance: 5m
- Capacity: Up To 300 Guests Per Tent

Product Description

12x30m Pagoda Style M Series Clear Span A-Frame Marquee Party Tent

This 12x30m pagoda style m series clear span A-frame marquee tent is professionally engineered for banquet catering event and outdoor celebrations. Designed with a clear span structure that eliminates interior support poles, it provides an unobstructed event space ideal for seating up to **360 guests**.

Premium Frame Construction

The frame is manufactured from **6061/T6 hard pressed extruded aluminum alloy** with anodized anti-rust surface treatment, ensuring exceptional structural integrity and a service life exceeding 20 years. All aluminum profiles are precision-cut using advanced CNC machinery with tight tolerance control ($\pm 0.2\text{mm}$), guaranteeing seamless assembly and reliable performance under demanding conditions.

Weather-Resistant Roof Cover

The roof features **850g/m² double PVC-coated polyester fabric** with UV-stabilized acrylic surface treatment. This high-performance material delivers superior waterproofing, UV resistance, and flame retardancy certified to **DIN4102 B1 / M2** standards. The fabric withstands temperatures from -30°C to $+70^{\circ}\text{C}$, making it suitable for year-round deployment across diverse climate zones.

Pagoda Style Configuration

This model features multi-spire pagoda design, providing an elegant appearance and enhanced functionality for banquet catering event. The 4.0m eave height with 6.5m ridge height creates a spacious, airy interior atmosphere perfect for high-end events.

Key Technical Specifications

Parameter	Specification
Frame Material	6061/T6 Hard Pressed Extruded Aluminum Alloy
Surface Treatment	Anodized Anti-Rust (Silver/Black/Custom)
Roof Cover	850g/m ² Double PVC Coated Polyester, UV Stabilized
Span Width	12m
Length	30m (Modular, Expandable)
Eave Height	4.0m
Wind Load Rating	100 km/h (EN 13782)
Snow Load Capacity	0.5 kN/m ²
Fire Certification	DIN4102 B1 / M2
Temperature Range	-30°C to $+70^{\circ}\text{C}$
Seating Capacity	Up to 360 guests

Modular & Expandable Design

The modular bay system (5m standard bay distance) allows the tent length to be extended indefinitely. Multiple units can be combined side-by-side for extra-wide configurations, making this an infinitely scalable solution for events of any scale.

Rapid Installation

Certified installation crews can complete setup of this 12x30m structure within **1-2 working days**, significantly faster than permanent construction. The modular bolt-together design requires no heavy machinery, and the entire system can be disassembled, transported, and re-erected at different venues repeatedly.

Certifications & Quality Assurance

ISO 9001:2015 Quality Management System Certified
 TUV Structural Load Testing Passed
 DIN4102 B1 / M2 Flame Retardant Certification
 EN 13782 Wind Load Standard Compliant
 Full pre-assembly inspection before shipment
 Unique batch traceability system for all aluminum profiles

Customization Options

We offer comprehensive OEM/ODM services including custom sizes, colors (frame and fabric), logo printing on PVC covers, and tailored accessory packages to match your brand requirements.
