## Product Description

### Quick Setup Lightweight Aluminum Party Marquee Tent – 8x4m Pop-Up Event Canopy for European Market

The **PT-QS-8X4-EU** is engineered for European event professionals who demand speed without compromising quality. This lightweight yet robust aluminum pop-up marquee tent sets up in **under 30 minutes with just one person**— making it the ideal solution for weekend markets, pop-up promotions, street food festivals, and mobile event services across Europe. With a compact folded size that fits in a standard estate car and weighing only 45kg, it is the ultimate portable event shelter. Fully **CE, EN 13782, and ISO 9001:2015** certified with REACH-compliant materials.

Fire Retardant	B1 / M2 (EN 13501-1 Compliant)
Carry Bag	Heavy-Duty 600D Oxford Fabric Wheeled Bag
Available Colors	White, Beige, Navy Blue, Green, Custom RAL

#### Product Advantages & Key Selling Points

##### One-Person 30-Minute Setup

Revolutionary **scissor-action pop-up frame** with pre-assembled sections deploys in under 30 minutes by a single operator. No tools, no specialized skills, no heavy lifting. The frame literally pops open – just extend, lock, and attach the canopy. Perfect for solo operators and small event teams across Europe.

##### Ultra-Portable Design

At just **45kg total weight** with a compact 1.5m folded length, this tent fits in a standard estate car, van, or even large SUV. The included **600D Oxford fabric wheeled carry bag** makes transport effortless. Ideal for European mobile vendors, market traders, and event professionals who move between locations daily.

##### European Market Optimized

Specifically sized (**8x4m, 32m<sup>2</sup>**) for European market stall regulations. Perfect for **Christmas markets** in Germany, **street food festivals** in the UK, **farmers markets** in France, and **beach pop-ups** in Spain and Italy. Meets standard European pitch dimensions with room for display, service, and storage.

##### Budget-Friendly EU Compliance

The most affordable tent in our range that still carries full **CE, EN 13782, and B1/M2 fire certifications**. All materials are REACH-compliant for unrestricted EU market access. Complete documentation package included – no compromise on safety or legality at an entry-level price point.

#### Certifications & Compliance

Certification	Scope	European Market Value
<b>CE Marking</b>	Product safety & structural integrity	Legal requirement for sale in EU/EEA. Essential for market stall permit applications and public event licensing.

Certification	Scope	European Market Value
<b>EN 13782</b>	Temporary structures – Safety standards for tents	The benchmark European tent safety standard. Required by municipal markets, festival organizers, and event venues.
<b>ISO 9001:2015</b>	Quality management system certification	Demonstrates consistent manufacturing quality. Important for European B2B buyers and corporate procurement processes.
<b>REACH Compliance</b>	EU chemical substance regulation	Guarantees all materials meet EU chemical safety standards. Mandatory for customs clearance and legal sale across all EU countries.
<b>EN 13501-1 B1/M2</b>	Fire classification for building materials	Required by European fire safety regulations for public assembly structures. Essential for market and festival participation.

## Product Gallery

<b>3-Year Warranty</b>	3-year structural warranty on aluminum pop-up frame. 2-year warranty on PVC fabric. European after-sales support with spare parts available from EU warehouse stock for rapid replacement.

## Frequently Asked Questions (FAQ)

### Q1: Can one person really set this tent up alone?

Yes. The patented **scissor-action pop-up frame** is specifically designed for solo operation. The frame sections are pre-assembled and spring-loaded – simply unfold, extend, and lock into position. Then drape and secure the canopy. Average setup time for one person is **25-30 minutes** from bag to fully operational tent.

### Q2: Is this tent suitable for European winter markets?

Yes. The PT-QS-8X4-EU is rated for temperatures down to **-20°C** and includes **B1/M2 fire-retardant fabric** – an essential requirement for European Christmas markets where heating is used inside the tent. Sidewalls provide excellent wind protection, and the frame handles light snow loads up to 0.2 kN/m<sup>2</sup>.

### Q3: What is the minimum order quantity?

The MOQ is **1 set**. We understand that European market traders and small event businesses need flexibility. Single-unit orders are welcome. **Volume pricing** starts at 5 units, and we offer special rates for orders of 20+ units through our European cooperative buying program.

### Q4: Does the tent meet European fire safety regulations for public markets?

Absolutely. The PVC fabric is certified to **EN 13501-1 B1/M2** fire retardant standard – the requirement across all EU countries for public assembly structures. We provide the fire safety certificate with every order, accepted by market

organizers and municipal authorities throughout Europe.

**Q5: Can I add my company logo and branding?**

Yes. We offer **full-color digital printing** on roof valances (all four sides) and sidewall panels. MOQ for custom printing is **5 units**. We can match your brand colors using RAL or Pantone codes. Digital proofs provided for approval before production.

**Q6: How does delivery to Europe work and what are the costs?**

We offer multiple shipping options: **Sea freight (20-30 days)** to Rotterdam/Hamburg/Antwerp – most economical for bulk orders. **Air freight (5-7 days)** for urgent single units. **EU warehouse stock** in Rotterdam delivers within 3-7 days. We also provide **DDP (Delivered Duty Paid)** service – one price covers product, shipping, customs clearance, and all import duties to your door.

**From Christmas markets to summer food festivals – your business deserves a tent that matches your ambition. Contact us today for a personalized quote, free fabric samples, and volume pricing for your European market operation. Multilingual support in EN/DE/FR/ES/IT.**
