

## Fire Retardant B1 M2 Certified Party Marquee Tent DIN 4102 Tested PVC Fabric European Public Event Canopy Structure

Our Product Introduction

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: Tendars
- Certification: B1 DIN 4102-1, M2 NF P92-507, ISO 9001, CE
- Model Number: TDT-FR-B1M2
- Minimum Order Quantity: 25 Square Meters
- Price: USD 38-68 per Square Meter
- Packaging Details: Fire certificate copy attached to each fabric panel; fabric rolls labeled with batch numbers for traceability
- Delivery Time: 10-18 working days
- Payment Terms: T/T, L/C, Western Union, PayPal
- Supply Ability: 50000 Square Meters per Month

### Product Specification

- Fire Rating: B1 DIN 4102-1 / M2 NF P92-507
- Flame Spread Index: Class 1 Class A Per ASTM E84
- Smoke Development: Low Smoke Emission Rated
- Self-Extinguishing: Yes, Upon Flame Source Removal
- Test Report Validity: Annual Re-certification
- Frame Material: Hard Pressed Extruded Aluminum Alloy 6061 T6
- Roof Cover: 850g/sqm Fire Retardant PVC Polyester Fabric
- Highlight: **Fire retardant party marquee tent, B1 M2 certified canopy structure, DIN 4102 tested PVC fabric**

**Product Description**

**Fire Retardant B1 M2 Certified Party Marquee Tent for European Public Events**

Public event safety is non-negotiable in Europe. Our Party Marquee Tent features PVC fabric certified to B1 (DIN 4102-1) and M2 (NF P92-507) standards, the highest fire safety classification for temporary textile structures. Mandatory for public events, trade fairs, and municipal venues across the EU.

**European Fire Safety Certifications**

| Standard     | Classification               | Country/Region                |
|--------------|------------------------------|-------------------------------|
| DIN 4102-1   | B1 Flame Retardant           | Germany, Austria, Switzerland |
| NF P92-507   | M2 Limited Flammability      | France, Belgium               |
| BS 7837:1996 | Textile Structure Standard   | United Kingdom                |
| EN 13501-1   | Euroclass B-s2,d0 equivalent | EU Harmonized                 |

**European Venue Compliance Features**

- Fire certificate copy permanently attached to every fabric panel
- Batch traceability numbers printed on fabric selvage edge
- Annual re-certification testing maintains compliance validity
- Venue submission cover letter template for fire marshal approval
- Material Safety Data Sheets provided in multiple European languages

**Frequently Asked Questions**

**Q: Will this tent pass fire safety inspection at German trade fairs?**

A: Yes. Our B1 certification per DIN 4102-1 is the standard required by German Messe (trade fair) venues. We provide the complete fire safety documentation package accepted by all major German exhibition centers.

**Q: Do the fire retardant properties diminish over time?**

A: The fire retardant treatment is integrated into the PVC coating during manufacturing, not a topical spray. It remains effective for the full service life. We provide annual re-certification test reports upon request.
